Armand Emanuel Steps Into Fistic Spotlight Again Tonight in Go With Mitchell

JEWISH FIGHTER ON LEGION CARD

Faces Tough Mixer in Main Event at Hollywood

San Francisco Boxer Picked to Cop Verdict

Jackie Carr and Torndorf to Meet in Semi-Weight-up

Armand Emanuel, most-talked-of young heavyweight in the United States, and the boy many believe will be the first Jewish champion, will step into the fistic spotlight again tonight at the Hollywood Legion stadium. Emanuel, who is 24 years old, is a native of New York and has been in the United States since he was 18. He has a record of 10 wins and 1 loss, and is considered one of the most promising young heavyweights in the world. His opponent tonight is a tough mixer named Jackie Carr, who is a former champion of the world. The fight is scheduled for 10 o'clock and is expected to be a close one. Emanuel's manager, Sam Golden, is confident that his fighter will win. Golden says that Emanuel is a very smart fighter and that he will be able to handle Carr. The fight is being promoted by the Hollywood Legion and is expected to draw a large crowd. Emanuel's next fight is scheduled for next month and is expected to be even tougher. Golden says that Emanuel is a very ambitious fighter and that he wants to become the world champion. Emanuel is a very popular fighter and has a large following. He is expected to become a major star in the future.

Boxing men everywhere are interested in the outcome of this bout. Big fellows and little fellows are anxious to see how Emanuel fares against a strong, aggressive fighter like Mitchell. Once before Emanuel faced a good puncher in Vito Dominant at Hollywood. He came so close to being flattened that his most ardent admirers wouldn't have given a dime for his chances when they saw him on the floor twice in one round, but it was then and there that the San Franciscoan showed he has the makings of a great fighter. He staggered to his feet and in one of the wildest fights ever staged in California he scored a knockout over Dominant. That one flash of Emanuel to the most ardent fight fans and experts who witnessed the bout.

The fight tonight may be the last that Emanuel will have for many weeks. He is anxious to build up his physique. More weight is what the boy is anxious to put on and when he gets that he can start developing the knockout wallop that keeps him from meeting tough fighters with kayo wallops.

Boxing has turned out to be the biggest drawing card developed lately at the Legion stadium. His mere appearance is significant to a great many of the fans. He has been doing very well in his earlier bouts but now that he steps out before a critical audience it is hard to predict what his chances for victory will be.

NORMAN PLITT JOINS ANGELS

(Continued from First Page)

was composed of Angie Mortara, first base; Martin Tierney, second base; Art Parker, shortstop, and "Dutch" Sousa, third base. Doug lists as the other players a chance in the Angels' first practice game against Wichita on March 3.

Oilers Face Sons Sunday

The turning point in the chances of the Richmond Oilers to chop the Los Angeles Soccer League championship comes Sunday afternoon when the Oilers face the Sons of St. George in the feature game of a double-header at Loyola Field.

The Oilers are just one point behind the Sons and in third place, one notch above the Sons. A victory will throw them into a tie with the Sons for the second spot on the league ladder. A loss to the Sons will put that squad in a tie with the Oilers for third place.

Johnny Bain, manager of the Richmond squad, will have his best combination when the field is set. Bain's right fullback, will be back in the game after being out for one month under suspension. With Byrne at goal, Roberts and Archie Brown in the full-back position, the Oilers will have a real defense that will be hard to beat.

Harry Gorn, manager of the Sons, will have his best defensive combination on the field, also with Southern at goal, Sammy Wallace and Scholl at the fullback berth. In the opening game, the rejuvenated Maygars are out to humble the Hollywood All-Stars. The Hungarians have built a reputation for themselves in their recent games by defeating both the Richmond Oilers and Sons. A victory for the Maygars will put Hollywood back into a tie for first place with the Sons.

SEALS GLAD TO GET ROOKIE'S CONTRACT

SAN FRANCISCO, Feb. 16. (AP)—The signed contract of a rookie pitcher received at headquarters today caused officials of the San Francisco Seals to express as much satisfaction as though a holdout star had returned to the fold. Curtis Davis, young right-hander from Oregon, is the new moundman. He is described as an excellent prospect with "lots of speed and plenty on the ball."

OBSERVATIONS

BY THE LUNARLY SYSTANDER, BILL MENNEY

SOMETHING must be done to keep this fellow Leo Calland from making what was supposed to be a race into nothing more nor less than a parade. The Trojan basketball team started out to upset precedent by winning an occasional basketball game from the other conference colleges of the State and now it is beginning to look as though a victory by any of the other colleges over the Trojans might be regarded in the light of an upsetting precedent. The U.C.L.A. Bruins have a tall task ahead of them to head off Calland's battling quest. They'll have to bowl the Trojans over for three games in a row to do themselves any good, and from all that has been said to date it is quite a chore to bowl the Trojans as much less three.

The Southern California Conference basketball championship will be pretty well settled when the Oxy Titans and the Bruins meet at the end of the month. The Bruins are the favorites to win, but the Oxy Titans are a tough team. The Bruins have a strong team and are expected to win the championship. The Oxy Titans are a strong team and are expected to be a close contender. The game is expected to be a close one.

While we're on the subject we rather expect some kind of a movement on behalf of the Southern California Conference to stop basketball, now that somebody has shown that the game is a waste of time. The conference is always there with a ready remedy for anything upward, but somebody has shown that the game is a waste of time. The conference is always there with a ready remedy for anything upward, but somebody has shown that the game is a waste of time.

Hahn, the great American distance runner, certainly speaks a lot of sense when he says that most of our miles don't know how to run the event. Due to our system of trying to double up and not run any faster than necessary, most of our miles lose the habit and rely on a semi-national spirit to win. The true long lay off when he started training at the main-street club. Bert down in the division between 4m. 10s. and 4m. 20s. you have to make haste all the time. Joe Bay used to win all his races on the third lap.

Marietta Wins Border Feature

TIA JUANA RACE TRACK, Feb. 16.

Marietta, owned by William Mikel and Son and ridden by Apprentice B. Duggitt, overcame early interference and finished fast to capture the mile and seventy yards feature event at Tia Juana today. The mare, off sixth, was in close going next to the rail in the early going, but came to the outside entering the stretch and won by a length.

Dolly Day was second and Golden Sweep showed a burst of speed to be third. Dolly Day led until the stretch, but she was held by the winner. Margie K., the favorite, was last. Results:

First race, four furlongs, purse \$100—Listo (P. Philpott) won, time 1:10.1. Second race, five furlongs, purse \$100—Listo (P. Philpott) won, time 1:10.1. Third race, six furlongs, purse \$100—Listo (P. Philpott) won, time 1:10.1. Fourth race, seven furlongs, purse \$100—Listo (P. Philpott) won, time 1:10.1. Fifth race, eight furlongs, purse \$100—Listo (P. Philpott) won, time 1:10.1. Sixth race, nine furlongs, purse \$100—Listo (P. Philpott) won, time 1:10.1. Seventh race, ten furlongs, purse \$100—Listo (P. Philpott) won, time 1:10.1. Eighth race, eleven furlongs, purse \$100—Listo (P. Philpott) won, time 1:10.1. Ninth race, twelve furlongs, purse \$100—Listo (P. Philpott) won, time 1:10.1. Tenth race, thirteen furlongs, purse \$100—Listo (P. Philpott) won, time 1:10.1.

LOWRY'S RABBIT PUNCHES

(Continued from First Page)

They say Eddie Kane, Mandell's manager, is taking the McLarrin match only because he believes McLarrin cannot make 135 pounds and he is strong at the weight. I seriously doubt that, because Pop Foster consistently refused to let Jimmie make weight for anybody on the Coast. His argument was that when Jimmie was going to refuse to make weight after Jimmie had matured, Jimmie weighs 137 pounds or thereabouts at catch weights now. Scaling down to 135 pounds should not inconvenience him, and I think enough of Pop Foster's obstinacy not to believe anything he says.

If McLarrin captured the title Mandell has been guarding so timidly ever since he unseated old Rocky Kansas it will mark the crowning point of a career which started shortly before the ten-round law went into effect in California. Back in the fall of 1924 Jimmie, who was then known as "Baby Face" because of his tender appearance, had a few four-round fights here and in San Francisco. He was a regular will-o-the-wisp. Nobody could hit him. He could stand in the middle of the ring and leave his body from the hips up while the blows whistled harmlessly about his ears. He fought through several divisions with old Pop laying him off occasionally and retiring him to the far-off wilds of Vancouver.

He battled Fidel La Barba, the retired flyweight king, three times at Vernon. He fought Bud Taylor, the bantamweight champion, thrice. He kayaked Jackie Fields in featherweight days. He sparred junior lightweights. Now he's grown to man's stature, and the lightweight crown is almost within his grasp. The roughnecks of the sport world won't know how to take Jimmie as champion. He's a shy, retiring kid, and he cares for none of their ways. Nor does "Pop" Foster. The old man is all wrapped up in the kid. What they do with all their money nobody knows. It's cached somewhere and if the truth is ever told the pair are likely to retire from the ring with the biggest pile that anybody except heavyweight kings and their managers have accumulated.

BRITISH DRIVER AFTER NEW SPEED MARK ESCAPES INJURY AS CAR WRECKS AT 175 M.P.H.

DATONIA BEACH (Fla.) Feb. 16. (AP)—Hurting along at an unofficial speed of 175 miles an hour, despite a rain-beaten beach, Capt. Malcolm Campbell, British automobile racer, escaped possible serious injury here today when his giant speedster struck a rut and was catapulted thirty feet through the air.

So great was the impact when the twelve-cylinder stunt car hit the rut that it smashed a bumper and a rear shock absorber and ripped away the undercarriage.

Capt. Campbell was thrown from his driver's seat, but maintained control of the machine, and completed a trial run down the beach at reduced speed.

The British pilot was putting his racer through its first test here preliminary to an attempt to break the world's speed record of 207.7 miles per hour, made by his fellow countryman, Maj. H. O. D. Segrave, here last year. He said the necessary repairs could be made within a few hours and that he probably would give his speedster another workout tomorrow.

Frank Lockhart, internationally known driver, also expects to give his sixteen-cylinder Stutz "Blackhawk Special" a run tomorrow in preparation for a try at the record.

J. M. White, Philadelphia manufacturer, continued today to condition his triple special for a similar test, although as at present constructed, his mount will not be sanctioned by the American Automobile Association because it is not equipped with clutch and reverse gear.

The Philadelphia, however, has said that if his machine reached expectations in trials, he would install the necessary transmission system. Meanwhile the stock-car events on the program today of the twenty-fifth annual speedway carnival, which will be climaxed by the assault on the speed record, were postponed because of rain.

WALKER EN ROUTE TO FIGHT

Mickey Has Last Workout for Clash in Bay City With Willis

Mickey Walker, world's middleweight champion, went through a strenuous workout yesterday at the Main-street Athletic Club before leaving for San Francisco last night where he meets Cowboy Jack Willis on the 22nd inst. "The Toy Bulldog" boxed eight rounds with three sparring partners. He took on Vic Alexander, colored fighter, for three rounds, Sailor Larry for two innings and Ted Frenchy for three.

Walker whaled away at each of his sparring partners, punishing them with his fists and with stiff body blows. After he had finished with his workout in the ring Mickey worked on the bag for about ten minutes. He ended up his workout with a round of shadow boxing.

Jack Kearns, Walker's manager, and Teddy Hayes accompanied the champion north last night for the clash with Musky Callahan, junior welterweight champion, got back in harness yesterday afternoon. They are on long lay off when he started training at the Main-street club. Bert down in the division between 4m. 10s. and 4m. 20s. you have to make haste all the time. Joe Bay used to win all his races on the third lap.

STANFORD BOXERS TAKE ON AGGIES

STANFORD UNIVERSITY, Feb. 16. (AP)—Stanford boxers will open their 1936 season tomorrow night at Davis, when they meet the California Aggies in three-round bouts in seven weights. Last year Stanford defeated the Aggies, scoring a clean sweep in all weights. The team this year is made up entirely of new men, but most of them are high-class boxers.

The squad follows: Jack Keanon, light-heavyweight; Ed Dillon, heavyweight; Walker Gage, middleweight; Dan Frost, welterweight; John Hromada, lightweight; Bill Levitt, featherweight; Hugh Israel, bantamweight.

COLLEGE GOLF PLAY PLANS ANNOUNCED

BERKELEY, Feb. 16. (AP)—Plans for holding the first annual Pacific Coast intercollegiate golf tournament were announced today. It will be held April 19 and 20 on the Lake-side course of the Olympic Club in San Francisco with University of California and Stanford University as hosts.

Each school in the Coast Conference will be represented by a two-man team.

New year the tournament will be held in Seattle and in Los Angeles in 1937.

CLARA IN THE SWIM

A favorite exercise of Clara Bow is swimming. Many Sundays she is to be found five or six miles up the coast from Santa Monica lounging on the sands and swimming in the surf.

Angelman and Smith Sloop After Title

Clytie, Lanai Speediest of Eastern Craft

Junior Commerce Chamber Backs Event

(Continued from First Page)

Scandinavian Gold Cup and is rated the speediest sloop ever built for rough going.

The Newport Harbor Yacht Club sloop, an Anker design coming from Norway, will arrive on the 28th inst. on the George Washington. She is an unknown quantity, but if she can sail as well as her predecessors, the Newport yachtsmen will also have a good chance of collecting the silverware.

Live Yankee, Francis Herreshoff's freak R-sloop, is a dangerous contender for the Don Lee trophy despite the fact that she will be raced against fourteen of the finest boats on the Coast. Which is one of the smartest skippers in the East and after a poor start, the Live Yankee has proven to be a sensation in any kind of wind.

The Los Angeles Junior Chamber of Commerce made the announcement yesterday afternoon through President Mowat that the race series would be officially sponsored by that organization. Under the junior chamber's auspices, it is planned to make the midwinter regatta an annual event to compare with the \$10,000 open-golf tournament.

Committees of the junior chamber under Chairman Barton Stebbins are working out the details of entertainment for the visiting yachtsmen. The California Yacht Club and Skipper's Club are also sponsors.

Members of the junior chamber committee are as follows: Barton Stebbins, chairman; Owen P. Churchill, vice-chairman; Le Roy Carver, John Case, Jr., Kennedy Ellsworth, J. Paul Herdman, Thatcher Kemp, Ross MacPhee, John Mage, Kinzie Miller, Al Robbins, Jr., Emerson Spear.

BEERY LIKES HUNTING Wallace Beery is champion hunter and fisher of the Paramount studios. The star has a cabin in a secluded section of the Sierra Mountains where he can be found during rests between pictures.

PAULINO BOXES SUNDAY

Basque Woodchopper Flitters About Citrus Bushes; Starts Slugging on Sabbath

Paulino Usacudin—the bounding Basque—is bounding around among Senior Bastanchury's oranges and lemons—will not start popping his sparring partners until Sunday. This isn't because the Basque doesn't want to work, but his board of strategy is holding him back.

If Paulino had his own sweet way, who motored up from Los Angeles with a party of friends including Hayden Wadham and David Snyder of the Olympic organization and Lou Daro, the wrestling promoter. Godfrey went eight fast rounds with his sparring partner, a light-heavyweight, and Jack Dorval, white hope of Jack Kearns.

The "Black Shadow" wound up his training with a one-round comedy act with the gloves against Lou Daro which he followed with a wrestling session in which he tossed the portly 250-pound mat promoter about like a rubber ball. George had a lot of fun, while Daro was puffing like a steam engine when they finished, much to the amusement of the natives.

Paulino is a student of medicine, being a graduate of a school in Paris. So he is entitled to wear silk shirts, a case or any other mark which might convey money and authority.

The Paulino camp is set in a rich grove of orange trees. His host, Gaston Bastanchury, has provided for the woodchopper all the luxuries as he was the King of Spain instead of just a box fighter.

At Soper's ranch yesterday Godfrey put in some good looks under the eagle eye of his manager, Jim Dougherty.

BOLO BOY TO THE MAINSTREAM

Bolo Boy, the young man who put middle-aged men to sleep in a right cross to the jaw last night, will make his debut in the ring here tomorrow when he teaches his opponent, Aguirre, a thing or two about boxing.

Because of his good work when he hit the opponent before he hit the opponent, he was picked up by the promoter, who should be a good one.

MENJOU BOXER During his recent bout, Bolo Boy took a good beating from a much heavier man, but he was not hurt.

OLD SOL PUTS CRIMP IN OLYMPIC WINTER SPORTS

ST. MORITZ (Switzerland) Feb. 16. (AP)—In the midst of the open season of protests, chief features so far in the Olympic winter sports program, American speed skaters set out for home today with only one title—and that unofficial—in the duffle bags. Hundreds of Olympic athletes, but few officials, bade the American representatives an enthusiastic goodbye as the delegation pulled out for Paris.

BEAR GRID STADIUM TO BE RECONDITIONED

BERKELEY, Feb. 16. (AP)—Appropriation of \$5000 to be used in reconditioning Memorial Stadium's football field was announced today by the executive committee of the Association of Students of the University of California. It is a total of \$12,000 appropriated within the last three months for improvements to the field. Recently the committee authorized purchase of a canvas covering at a cost of \$5500. H. W. Sharp, in charge of the work, said that sixty tons of sand and 240 tons of loam will be used.

BAY CITY RACKET DATES ANNOUNCED

F. Lee Smith, chairman and active head of the tennis activities in Santa Monica, announced the dates for the bay city annual racket championships yesterday which have been set for March 3. Play will continue on successive Saturdays and Sundays with the final slated for the new Clover Field courts. Opening and preliminary round matches will be staged as per custom on the municipal city courts on Wilshire Boulevard and Seventh street.

LUNATIC BOXES FOR LUNCH

Ernest Lubitch, Paramount director, boxes at the studio gymnasium during his lunch hour. The service is expected to be of high interest and will draw a large crowd.

"Lucky Strikes Never Affect Our Wind" say Moss and Fontana International Dancers stress importance of wind condition

"It's toasted" No Throat Irritation-No Cough.

The Cream of the Tobacco Crop. For years I have watched The American Tobacco Company's buyers purchase for their brand of LUCKY STRIKE. They buy 'The Cream of the Crop' in the fine Tobacco Districts. They use it in LUCKY STRIKE. I have no hesitation in testifying to this fact which is known throughout the Southland by every Farmer growing Tobacco.

news of the MIDDLE WEST

KANSAS CITY, Feb. 16. (Exclusive)—A split is threatened in the ranks of the Kansas City Christian Endeavor Union as the result of a motion adopted recently to oppose any increase in armament. Many members are protesting putting the organization in the "pacifist" ranks.

The Farmers and Stockmen's State Bank of Manhattan, Kan., was closed today by its board of directors, the State Banking Department announced. "Frozen assets" were given as the reason. The bank had \$25,000 capital and \$68,819 deposits. O. M. Ryan is president and M. R. Johnson cashier.

ST. LOUIS
ST. LOUIS, Feb. 16. (Exclusive)—Depositors of the defunct Chippewa Bank here will receive another payment of 5 per cent on deposits, which will make a total of 80 per cent.

Roy Bingham, alias Paul Taylor, aged 23, a negro, was found guilty of a criminal attack upon Mrs. Virginia Heard, 33, 4017 Shaw avenue, white. He was sentenced to ninety-nine years in prison.

Mr. and Mrs. John Howard Holmes of Forsythe Road, and their daughter, Miss Mary Brooks Holmes, have gone to Palm Springs, Cal., where they will pass the remainder of the winter at Desert Inn. The will of Edward Mallinckrodt, chemical manufacturer, died late today, bestows his estate, understood to be about \$3,000,000, to philanthropy and indicates he gave the remainder of his wealth, estimated at high as \$17,000,000, to his son, Edward Mallinckrodt, Jr., and other relatives in his lifetime.

DES MOINES
DES MOINES, Feb. 16. (Exclusive)—Walter C. Ramsay, Iowa Secretary of State, died suddenly today. He was born in Paxton, Ill., and lived for many years at Oatona, Minn.

Sioux City further fortified its reputation as the world's greatest trucked-in live-stock center when 11,714 hogs and 1034 cattle and calves arrived at the Sioux City stockyards in 900 motor transports the other afternoon.

The worst sleet storm in four years played havoc in Western Iowa. Wire service was demoralized. Danger of a flood from the Missouri River south of Sioux City is reported, with an ice gorge threatening to block the river there. Huge cakes of ice were piled ten and fifteen feet the other evening.

OMAHA
OMAHA, Feb. 16. (Exclusive)—Mrs. Elsie Pamp of Huron, S. D., and Chester Williams of Los Angeles, Cal., are here, having been called home by the death of their mother, Mrs. G. R. Williams.

Long hair is coming back to fashion in Omaha. In fact the Middle West seems to be the meeting place of a wave of long locks sweeping in from east and west coast, for California and New York have passed the awkward stages, and are at the pinning-up length, according to returning travelers.

Miss Emma Wilde, 2515 St. Mary's avenue, Omaha pioneer, is dead. Her father established the first toy shop in Omaha, and she and her brother, with whom she made her home, had one of the pioneer groceries in Omaha at Thirtieth and Jackson streets. Miss Wilde was active in the Douglas Territorial Pioneers' Association.

MILWAUKEE
MILWAUKEE, Feb. 16. (Exclusive)—High water stage of the Pecatonica River has made Highway No. 20 near Brownstown, ten miles west of Monroe, impassable. River guards have been stationed while workers are ready to fight the ice cakes settling on the highway when the waters recede.

The entire estate of the late John Alfred Kimberly, millionaire paper manufacturer and founder of the Kimberly Clark Paper Company, who died on January 21 in California, is bequeathed in equal share to his two sons and five daughters. The will, filed in San Bernardino county, California, on January 29, recites that the testator had already amply provided for the wife, Helen C. Kimberly. No estimate of the size of the estate has been made.

INDIANAPOLIS
INDIANAPOLIS, Feb. 16. (Exclusive)—Worried by repeated threats to kidnap their son, aged 11, Dr. and Mrs. C. L. Young tonight appealed to the police. Meanwhile the child is accompanied to and from school each day. The threats are in the form of letters, demanding \$500.

Mrs. Mary Lilly Kyle, of Harrodsburg, Ky., daughter of James E. Lilly, who died recently and whose will gave the bulk of a \$750,000 estate to benevolent institutions and organizations, has objected before Judge Mahlon E. Bash of the Marion County Probate Court, to the probate of her father's will. Judge Bash has granted thirty days in which Mrs. Kyle may file her adversary proceedings against the will. The will was presented in the Probate Court Monday. Mrs. Kyle alleged in her objections that the will leaves her with only the income from 1200 shares of stock in Eli Lilly & Co. She alleges the will was made under duress and at a time when Mr. Lilly was not of sound mind.

MINNEAPOLIS
MINNEAPOLIS, Feb. 16. (Exclusive)—Mrs. Eunice M. Norton, aged 83, for forty years a resident of Minnesota, died at the home of her son, Frank E. Norton, 1807 West Forty-ninth street. Mrs. Norton was the mother of W. I. Norton, member of the Minnesota Legislature.

Mr. and Mrs. Francis A. Chamberlain of Blandford avenue, have departed for California, where they will remain until April 15. They will spend the greater part of the time at the Huntington Hotel in Pasadena.

James G. Lawrence, for two terms a member of the State Senate and twenty-two years of the State Board of Equalization, died at Wabasha at the age of 92. Prominent in the political life of Wabasha county and in its business affairs, he was formerly register of deeds and mayor of Wabasha.

Mayville said that Heatt had turned over to him \$6100 he left on account at a New York broker's office. Heatt, who was arrested in New York, probably will be kept in jail at Mayville until the March term of the Bracken Circuit Court. He is alleged to have embezzled \$64,000 of the bank's funds.

DETROIT
DETROIT, Feb. 16. (Exclusive)—Frank H. Goddard, who has been identified with the Detroit building industry for forty-six years, died at his residence, 31 Farrand Park, Highland Park. He had been suffering from heart disease. Mr. Goddard was 61 years of age.

James Oliver Curwood, Owasco author, who died last August, left an estate of \$639,892, according to the inventory filed in Probate Court at Cornua by the Detroit Trust Company. Personal property was listed at \$609,912 and real estate at \$39,980.

Hill Jury Still Fails to Agree
OTTAWA (Ill.) Feb. 16. (Exclusive)—While Harry Hill, 22 years of age, charged with the murder of his mother, paced his cell with physicians watching him closely, fearing a breakdown, the jury deliberating on his fate showed no signs of breaking the deadlock which has held them for fifty-seven hours at 9 o'clock tonight. At that hour, weary and exhausted, the jury asked Judge Davis to allow them to go to bed. The judge assented and all jurors had retired at 9:30 o'clock.

There is now only one juror holding out for acquittal against eleven wishing to find the defendant guilty of matricide. It was learned from a reliable source.

Reichstag Issue Still Unsettled
BERLIN, Feb. 16. (AP)—Conferences between the ministers and the coalition party leaders throughout the day failed to bring a solution to the question of whether the Reichstag is to be dissolved immediately or at the end of March.

It was announced yesterday that the four parties constituting the present coalition—Nationalists, People's party, Centre and Bavarians—no longer consider themselves as forming the government bloc. The ministers' representatives of the parties, however, remain in the cabinet.

Mrs. Russell's Lecture Barred
MADISON (Wisc.) Feb. 16. (AP)—Upon the objections of club women, clergymen and others here, permission for Mrs. Bertrand Russell, exponent of companionate marriage, to speak in the State Capitol tomorrow night, was revoked late today by C. B. Ballard, State Superintendent of Public Property.

The state government thus fell in line with the University of Wisconsin and the Madison Labor Temple Association in refusing the use of a hall for the wife of the eminent British scholar to deliver a lecture.

Submarine Held Friend of Weak
LONDON, Feb. 16. (AP)—W. C. Bridgman, First Lord of the Admiralty, speaking before the Constitutional Club today, declared that Great Britain's submarine policy is exactly the same as that stated in Washington in 1921.

"We should be very glad," he said, "if submarines could be abolished altogether, but the weaker and smaller countries regard submarines as their only weapon, and we have to take them into consideration as well."

Woman Freed in Blackmail Case
HACKENSACK (N. J.) Feb. 16. (AP)—Miss Sarah B. Howell, 31-year-old bank clerk of Ridgewood, today was acquitted of charges that she attempted blackmail by sending poison pen letters to Mrs. Frank A. Von Mochenski, society leader.

HONDURAN CONGRESS GIVES LOAN APPROVAL
TEGUCIGALPA (Honduras) Feb. 16. (Exclusive)—The Honduran Congress has approved a \$1,500,000 loan from a New Orleans trust company made for the purpose of consolidating the government's debt with the American fruit companies.

DIAMONDS JUST TRASH TO BOYS
SAN FRANCISCO, Feb. 16. (Exclusive)—Three children who probably would give their all to possess one varicolored chalk marble threw away \$12,000 worth of diamonds, because they looked like trash, police disclosed today. Gems worth \$9000 have been recovered but one stone worth \$3000 is the object of an intensive search through half the ash cans and backyards of the city.

The gems were contained in a case lost by Sol Rubenstein, real estate dealer, the 7th inst. He advertised a reward for their return but they never appeared until one of the boys who had found them, played with them and discarded them, kept one to show to his father and the latter recognized its value.

Plane Victor in Death Race
DEL MONTE, Feb. 16. (AP)—An airplane race against death was won by Lieut.-Col. L. W. Rukke, army surgeon, today, when he flew from his post in San Francisco to perform an operation for acute appendicitis on William Kroner, son of the commanding officer of the Monterey Presidio here.

Col. Rukke rose from his own sick bed in the San Francisco Presidio and fifty minutes later landed at Del Monte. He performed the operation and an hour later took off again to return to his bed in Letterman Hospital in San Francisco.

According to figures compiled by the United States Geological Survey, the per capita consumption of electricity in this country has increased nearly 70 per cent in the last eight years.

DEL MONTE, Feb. 16. (AP)—An airplane race against death was won by Lieut.-Col. L. W. Rukke, army surgeon, today, when he flew from his post in San Francisco to perform an operation for acute appendicitis on William Kroner, son of the commanding officer of the Monterey Presidio here.

WILKESBARRE (Pa.) Feb. 16. (AP)—Frank Agatti, deposed president of a Pittston union mine local, was shot and fatally wounded today in the headquarters of District No. 1, United Mine Workers, on the twelfth floor of the Miners' Bank Building here.

WASHINGTON, Feb. 16. (AP)—A suggestion for a gentlemen's agreement between the Senate and House for consideration of an emergency tariff program covering agricultural products only was put forward today by Senator Shipstead, farmer-labor, Minnesota.

REDDING, Feb. 16. (AP)—The famous Greenhorn copper mine, twenty-five miles north of here, has been purchased by Robert L. Hussey of Los Angeles, who plans to install extensive machinery at once. A highway convict camp which occupies a portion of the mining ground will be allowed to remain, Hussey announced, declaring himself friendly to highway improvements.

SACRAMENTO, Feb. 16. (Exclusive)—By going its own printing of public elementary school free textbooks, the State of California last year saved \$344,991 over the publishers' prevailing wholesale prices for the identical books, according to a report made today by State Printer Smith. The year's output totaled 1,200,275 books, young women, possessing beauty.

WASHINGTON, Feb. 16. (AP)—The National Aeronautical Association, day refused to approve the proposed airplane race between New York and Bermuda because of lack of proper navigational facilities. The race was sponsored by the Bermuda Trade Development Corporation and was to have been for prizes totaling \$10,000.

MICROPHONES TO BE PUT OUT

Chicago Musicians' Union to
Enforce Demand

Remote Control Users Told
to Hire Orchestras

Broadcasters' Meeting Fails
to Reach Agreement

CHICAGO, Feb. 16. (Exclusive)—James Pettillo, head of the Chicago Federation of Musicians, tonight announced that he plans to "pull" the microphones Saturday night in every theater, cafe and hotel where the musical programs are broadcast via remote control by radio stations which have not complied with the union's demands.

Pettillo's announcement followed closely on the adjournment of a meeting of Chicago broadcasters, at which they failed to agree on a definite program for meeting or resisting the union's demands. Each station, therefore, will handle its own dispute with the union.

These demands were sent to all stations five weeks ago. Large stations were informed they were to keep employed not less than ten union musicians if they continued the use of "remote control. The smaller stations were to maintain at least five players. It is estimated that these demands would add about \$50,000 a year to the pay roll of the larger stations and \$25,000 to the budgets of the smaller ones.

Pettillo said he wished to emphasize that only the radio stations using remote control are affected in the present negotiations. He said there are some large stations in Chicago that use remote-control programs almost exclusively, while others have to stand the expense of hiring musicians along with the use of remote control.

The union leader defined remote control as placing a microphone in an orchestra pit of any theater, cafe or other place of public entertainment, relaying the music to the station and then broadcasting it.

He announced he has been pledged the support of the American Federation of Musicians in the controversy.

ACOUSTIC DEFECTS IN COURT RECTIFIED

SAN FRANCISCO, Feb. 16. (Exclusive)—California's most eloquent oratorical talent can boom its verbal way through the chambers of the Supreme Court now and be heard. When the chambers were constructed great care was taken in the molding of Greek figures on the walls, but the acoustic principles were left to fend for themselves. The trouble now has been rectified by filling wall niches with "felt" and decorating them with panels, so the most impassioned syllables of pleading attorneys now fall upon listening ears, rather than blending into meaningless jumble.

AUTO A SENSATION

Our motor car, the first to be seen on this coast, left yesterday on a 100-mile trip to carry our small power boat over the sea ice to the outer islands where it is our present plan to hunt walrus in March. The snowmobile is a sensation wherever it goes. Eskimos and Indians gather around it in wonder and examine every part of it. During the last nineteen years we have brought to the Eskimos of Greenland and Labrador the electric light, the telephone, the motion picture, the radio, the airplane, the motor boat and now the motor car. Night after night they listen to broadcasts from New York, London, Chicago and dozens of other places. Two years ago we supplied radio sets to the Governor of Greenland. Last year we installed radio sets in the homes of the Moravian missionaries here at Nain and Hopeville. Now they listen in nightly to broadcasts from their homes in Germany and England. You can imagine how much they appreciate what the Americans have done for them.

Our physician and surgeon, Dr. E. K. Lanford of Chicago, is of great help on a coast where there is no doctor for 200 miles. He has left today by dog team to attend a broken leg thirty miles south.

Work is becoming more interesting every day. When the time comes for us to leave for home in September it will only be to prepare for our return in 1928.

Bank Files Suit to Recover Tax Levied by State

SAN FRANCISCO, Feb. 16. (Exclusive)—Asserting that national banks are agencies of the Federal government and as such can be taxed by the State only through permission of Congress, the Bank of Italy National Trust and Savings Association filed an action in Superior Court today, seeking recovery of \$955,886.30, taxes paid under protest.

The complaint also contends that national banks cannot be taxed a higher rate than other moneyed capital in competition with them.

It is predicted the action is the first of a series to be filed by national banks protesting the present method of State taxation.

Michigan Wet Petition Filed

LANSING (Mich.) Feb. 16. (Exclusive)—Hearing 5000 signatures seeking amendment of the State constitution providing for governmental control of the manufacture, sale and distribution of alcoholic beverages were filed with the Secretary of State today by State Representative Robert D. Wardell, Detroit, of the Michigan Moderation League.

The purpose of the proposed amendment, Dr. Wardell said, is to determine sentiment on the wet and dry question and to place Michigan, if possible, in a position whereby it might take advantage of any change in the national prohibition law in order to initiate the proposed amendment for a referendum vote in the general election next fall. 68,078 signatures are required.

Angeleno Killed by Car in Texas

TEMPLE (Tex.) Feb. 16. (Exclusive)—Mrs. J. T. Ellis of Los Angeles died here tonight after being struck down by an automobile. She had been visiting a niece, Miss Fay Casler, here. The negro driver of the car was arrested following the accident.

ASHAMED OF OLD STRADIVARIUS

DARLINGTON (Wia.) Feb. 16. (Exclusive)—Marian McQuaid, 15-year-old schoolgirl, liked to play the violin, but she was ashamed to be seen in public with the old fiddle belonging to her father. She had about decided to get a new one when her teacher looking it over yesterday saw on an age-browned paper inside the instrument the words: "Stradivarius, Cremona Anno 1721." It has been in the girl's family fifty years.

MACMILLAN RADIOS REPORT

Arctic Explorer Tells of Work in Anthropology
Being Done in Labrador Camp

[The Associated Press has interviewed by radio Commander Donald B. MacMillan, head of the Geological Expedition of the Field Museum, Chicago, now wintering at Bowdoin Harbor, Field Bay, Northern Labrador. Questions put to him during the expedition were transmitted between station WFL of Massachusetts Institute of Technology at South Dartmouth, Mass. The operator with the MacMillan party is Clifford E. Himes, a California Technology student on leave of absence.]

BOWDOIN HARBOR, FIELD BAY, Northern Labrador) Feb. 16. (Exclusive)—The MacMillan Field Museum Expedition established winter quarters and a permanent scientific station at Bowdoin Harbor, Field Bay, Northern Labrador, for the purpose of studying the meteorology, geology, botany, zoology and anthropology of the region which is unknown scientifically. Though the winter months are unfavorable for obvious reasons for studying many of the above subjects, yet we have made considerable progress and are daily bringing in results which will be of great interest to scientists at home.

Our greatest work thus far has been done in anthropology. Dr. Dunstan Strong of the Field Museum, Chicago, is now living with the Macpico Indians, the first scientist to enjoy this privilege. There is a small but very interesting band living in the interior of Northern Labrador between our station and the George River. Little has ever been written concerning their life and this little is now being written by Dr. Strong. The families are now in camp here at our station giving us an unusual opportunity for observation.

Our home, a fine large comfortable building with electric lights, radio and motion picture, is the mecca for all Eskimo for a few days ago we entertained thirty-six over Sunday. Hardly a day passes without the arrival of at least one dog team. From the natives our scientists are learning much about bird and animal life; much that is interesting to information given out by our best authorities.

We have found sites of many old Eskimo villages which have never been excavated. Also ruins of the so-called Bunkie race. Just who they were no one as yet knows. Possibly this race is confused with the Norsemen who, we have heard, believed, visited this coast about 900 years ago. Having studied their houses in 1926-1927 we have a good knowledge of what we are prepared to find here in Labrador. The ruins found thus far are certainly not Eskimo.

Further work will be done when our expedition opens in June when we are planning to cruise north along the Labrador coast and on to Baffin Land to continue work begun there in 1921 and 1922. When we wintered in Fox Channel and explored the western coast of Baffin Land, and also continue work started on the east coast of Baffin Land in 1926-1927.

Assurance of Rumanian Loan Helps Liberals

PARIS, Feb. 16. (Exclusive)—With assurance of a \$50,000,000 loan from the American Blair Syndicate in his pocket, Foreign Minister Titulescu of Rumania left the Hotel de Ville today to confer with Foreign Minister Stresemann. Later he is going to England to see Foreign Secretary Austen Chamberlain.

Geneva Treaty Against Slavery Signed by Egypt

GENEVA, Feb. 16. (Exclusive)—Egypt has signed the Geneva convention for the abolition of slavery.

Under the slavery convention the contracting parties undertake to prevent and suppress the slave trade and to bring about progressively complete abolition of slavery in all forms.

They also undertake to prevent compulsory or forced labor from developing into conditions analogous to slavery. Compulsory labor may be exacted only for public purposes, except in states where it is exacted and where the contracting parties agree to endeavor to put an end to it progressively.

Nevada Taxes to Make Up Thefts

CARSON CITY (Nev.) Feb. 16. (Exclusive)—The taxpayers of Nevada have had a \$100,000 per \$100 of property valuation added to their taxes to make good the treasury deficiency, resulting from embezzlement of \$516,300 by former State Treasurer Ed Malley, George A. Cole, ex-controller, and H. C. Clark, ex-cashier of the Carson Valley Bank. The trio are serving sentences in the Nevada penitentiary.

The Legislature compromised claims of the State for \$158,000, relieving the bank, George Wingfield, bondsman for Malley, and others of all further liability. The treasury is still short about \$405,000.

Twenty-six Sects' Total in
Year \$489,429,978.48

Sum Includes Contributions
for All Purposes

United Stewardship Council
Official Issues Report

NASHVILLE (Tenn.) Feb. 16. (Exclusive)—The twenty-six evangelical denominations of the United Stewardship Council, with a combined membership of 22,890,210, contributed a total of \$489,429,978.48 for all objects during the past year. Dr. J. E. Crawford, stewardship secretary of the Methodist Episcopal Church, South, and president of the council, announced here today.

Of this total \$87,826,774.88 was applied to missions and benevolences, including all objects outside local congregations, and \$380,287,869.17 went to local church expenses.

Per capita contributions ranged from \$38.51 in the Protestant Episcopal Church, to \$6.99 in the Disciples of Christ.

MERCED'S FIRST MAYOR DIES
MERCED, Feb. 16. (Exclusive)—M. D. Wood, 82 years of age, resident of Merced county since 1860, died here today. He leaves his widow and eight children. Wood was the first Mayor of Merced and his son is Merced's present Mayor.

GLASTONBURY (Eng.) Feb. 16. (Exclusive)—The new Earl of Oxford and Asquith, 11 years of age, is a descendant on his mother's side of Little Jack Horner who sat in a corner eating plum cake. The corner of Little Jack Horner which the monks of Glastonbury were forced to abandon during the reformation.

The accepted explanation of the nursery rhyme is that Jack Horner was steward of the Abbot of Glastonbury and that he by subterfuge gained possession of the deeds of the monks of Glastonbury. The deeds were sent to Henry VIII, concealed for safety in a pie. Jack Horner was the bearer and on route he lifted the crust and extracted this "plum."

Mells Manor is still owned by Horner's direct descendants. Katharine Frances Horner, daughter of Sir John Horner, married Raymond Asquith in 1907. He was killed in action during the war.

LONDON, Feb. 16. (Exclusive)—Leading figures in Great Britain of political importance met in the halls of Parliament at Westminster this afternoon to pay their last spoken tributes to the Earl of Oxford and Asquith. Adjournment of both houses out of respect to his memory was arranged to follow the public eulogies.

Meanwhile the body of the noted Victorian statesman lies in the little town of Sutton Courtenay where he peacefully passed away yesterday. Plans have been completed for the Earl's burial Monday in the churchyard of All-Saints Church in Sutton Courtenay.

Geneva Treaty Against Slavery Signed by Egypt

GENEVA, Feb. 16. (Exclusive)—Egypt has signed the Geneva convention for the abolition of slavery.

Under the slavery convention the contracting parties undertake to prevent and suppress the slave trade and to bring about progressively complete abolition of slavery in all forms.

They also undertake to prevent compulsory or forced labor from developing into conditions analogous to slavery. Compulsory labor may be exacted only for public purposes, except in states where it is exacted and where the contracting parties agree to endeavor to put an end to it progressively.

Nevada Taxes to Make Up Thefts

CARSON CITY (Nev.) Feb. 16. (Exclusive)—The taxpayers of Nevada have had a \$100,000 per \$100 of property valuation added to their taxes to make good the treasury deficiency, resulting from embezzlement of \$516,300 by former State Treasurer Ed Malley, George A. Cole, ex-controller, and H. C. Clark, ex-cashier of the Carson Valley Bank. The trio are serving sentences in the Nevada penitentiary.

The Legislature compromised claims of the State for \$158,000, relieving the bank, George Wingfield, bondsman for Malley, and others of all further liability. The treasury is still short about \$405,000.

Entente in Europe Told at

Hoover Meeting

WASHINGTON, Feb. 10. (AP)—Lead-

ers of the American chemical indus-

try discussed today with American

officials and American agents called

in from abroad the situation their

business faces as a result of expand-

ing and extension of the international

trust organization of their foreign

competitors. The conference was

called by Secretary Hoover.

William J. Donovan, assistant at-

torney-general, told the gathering

that American laws will not prevent

the entrance into American trade of

the European combinations, such as

have been attained in dye-stuffs and

fertilizers, but that American law

will operate to prevent such organiza-

tions restraining trade, and enhanc-

ing prices in this country.

RECENT HISTORY

William A. Daugherty, American

trade commissioner at Berlin, re-

counted the recent history of Euro-

pean chemical trades, and explained

the construction of international

mergers now on foot there. In spite

of the agreements involving German,

French, and English producers in the

chemical trades, Commissioner Daugh-

erty said, there is no spirit of hos-

tility to American industry expressed

abroad, and there is a disposition to

seek to extend the agreements to in-

clude each other's products.

The French and German agree-

ment over dyes and potash, Commis-

sioner Daugherty said, represents "a

drift toward an economic entente

between the two bitterest enemies of

the late war."

"They set the stage for other agree-

ments with other countries," he con-

tinued. "There are many of these

agreements already, though nothing

much has been said or printed about

them."

LOOK FOR FACT

"They refer to price fixing and pro-

duction allocation agreements on spe-

cific chemicals. Even though de-

clared for the time being, it can be

little doubted that eventually agree-

ment will be reached between Ger-

man Dye Trust and Imperial Chem-

icals in England.

"Leading figures of the German

Dye Trust deny first that they are

out to fight the American chemical

industry, and secondly, they deny

that the trust has brought heavily in-

to shares of American chemical com-

panies. They emphasize that it is

their wish to frame agreements with

elements in the American indus-

try as far as this is possible."

Judge Bars Self

in Bureau Fight

SAN FRANCISCO, Feb. 10. (AP)—

The suit to abolish the present mar-

ine employment bureau system came

to a sudden halt in Federal court this

morning when Judge St. Sure dis-

qualified himself and turned the case

over to Judge Kerrigan. A date for

resuming the hearing will be set

later.

Judge St. Sure disqualified him-

self because he recalled that he was

executor of an estate which owns

two ships operated by J. Remondino,

a member of one of the defendant

companies.

WATCH THEIR THROATS

Play safe!

Do this—and this.

You know how kids are when they
are playing—into icy puddles and out,
coats unbuttoned, little bodies hot one
minute and chilled the next.

Remember these are sore throat
days, and when they come home get
them into dry clothing and see that
they gargle with Listerine, the safe
antiseptic. Give yourself the same pro-
tection after exposure to bad weather.

So many times, this pleasant pre-
caution will clear up sore throats and
colds before they have a chance to
become serious.

Listerine immediately attacks the
various forms of bacteria that lodge in
nose and throat. It is important, how-
ever, that you use it early. It is the
simplest means you have at hand of
protecting yourself against infections
that may become serious. Lambert
Pharmaceutical Company, St. Louis, Mo.,
U. S. A.

More than 50 diseases

have their beginning or development in the
THROAT and nose. Some of mild character, yield
to an antiseptic. Others, more serious, do not. At
the first sign of an irritated throat, gargle frequently
with Listerine, and if no improvement is shown,
consult a physician.

LISTERINE -the safe
antiseptic

TWO GROUPS TRY FOR DAM PACT

Each Hopes Agreement May Yet be Reached

Drafts Will be Basis for More Negotiations

Hayden of Arizona Plans to Aid Compromise

WASHINGTON, Feb. 16. (AP)—Representatives of the lower Colorado River States conferring at the Interior Department, divided into two groups today, with each group trying its hand at drafting a lower basin Boulder Dam compact.

One group is made up of W. B. Mathews of Los Angeles, one of California's three river commissioners; Charles P. Squires and George W. Malone, Nevada commissioners. The other is a two-man committee composed of Michael Murphy and State Senator Favor, the only Arizona commissioners who have been participating in the conferences.

The result of the next few days' labor is expected to be two rough drafts reflecting the progress that has been made during the last few weeks toward reaching a lower basin compromise and giving a definite instrument upon which the negotiations may continue to the hoped-for successful conclusion.

HAYDEN ATTITUDE
Senator Carl Hayden of Arizona let it be known today he will be inclined to support any compromise agreement that comes out of the meetings. While insistent on recognition of certain of Arizona's demands, notably that for reimbursement from the sale of power, Hayden has not been arbitrary in his attitude and hopes that a substantial element of Arizona support can be

HEROIC ARMY MULE DECORATED

Cornfield Canary, Missouri Born, Arizona Named, Wounded in Battle of Argonne and in Neck, Gets Belated But High Honors from Presidio Men

SAN FRANCISCO, Feb. 16. (AP)—"Arizona," a placid, retired army mule, was decorated and a review held in his honor at the Presidio here today.

The decoration and review were for

valued under fire. "Arizona" was wounded in the neck by a fragment of shrapnel during the battle of the Argonne in the late war. He was dragging a field gun to position during the battle, and it was his heroic actions that saved the lives of his men. The mule no longer was the target of enemy "snipers" and "snipers" but was a mascot of the Thirtieth Infantry, a pampered creature being behind a compromise Boulder Dam project.

He has previously shown signs of parting with Gov. Hunt and the faction in Arizona which is opposed to the project on any basis. Hayden is declared to be for the new Phipps bill in its main particulars.

However, Congressmen Douglas of Arizona, leading House opposition to Boulder Dam, said today the Phipps compromise did not reflect his objections. He declared he will continue to oppose "any bill that would put the government into the power business."

WAIT ON GOVERNMENT
"The states, municipalities and private interests are obviously given the right to construct the dam, in the order mentioned, but it is silly to believe they will exercise their option. They will wait for the government to set up the plant with its own money."

"This would put the government in the power business and I am opposed to it just as I would be to the government going into the grocery business or the cloak and suit business."

The argument that the government will be amply protected by the stipulation that no money can be expended until contracts were in hand guaranteeing an adequate return of revenue to it just as I would be to the government going into the grocery business or the cloak and suit business."

Douglas has consistently assailed the Weymouth estimate of \$125,000,000 for the project and has retained other engineers who assert the cost will be between \$180,000,000 and \$210,000,000. On any such basis he contends the power from Boulder Dam cannot be sold at a figure that will repay the government's investment.

TREASURY STANDS PAT ON TAX BILL

Still Demands Delay Till March 15, Denying Cut in Levy Faces Jeopardy

WASHINGTON, Feb. 16. (AP)—Secretary Mellon does not agree with the Congressional leaders who predict that delaying Senate action on the tax reduction bill will jeopardize tax reduction at this Congress.

He declared today he sees no change in the situation and that the amount of reduction will be determined by the March 15 tax returns which will show the exact revenue of the 1937 income.

These figures, he said, may alter the whole bill and may even show the inadvisability of any tax reduction at this time, but at the same time he added the March 15 returns may warrant a larger reduction than the \$225,000,000 recommended by him at the opening of Congress.

He does not believe that the \$225,000,000 provided in the pending measure is justified and feels that no tax reduction at all will be better for the country than one so large that a deficit will be created.

Airports Bill on Way to Coolidge

WASHINGTON, Feb. 16. (AP)—The bill providing appropriations for airport improvements at military posts was on its way to the White House today after final Congressional approval.

The measure carries a total appropriation of \$6,695,091 and provides for establishment of a new primary flying field and a new primary flying school at San Antonio, Tex. Cost of construction of the new school will run to \$8,068,078. The bill also provides for improvements at March Field, California.

Pension Increase Again Reported

WASHINGTON, Feb. 16. (AP)—A bill to increase from \$30 to \$40 per month the pension for Civil War widows over 75 years of age was reported today by the House Pensions Committee. The measure is similar to one which last year received Congressional approval, but was not signed by the President.

BILL WOULD PROTECT DEPOSITORS IN BANKS

WASHINGTON, Feb. 16. (AP)—National and State banks and trust companies which are members of the Federal Reserve System would be compelled to protect the deposits of individuals by filing surety bonds under a bill introduced today by Representative Hastings, Democrat, Oklahoma. The bonds would represent 25 per cent of the value of the individual deposits.

Some one thought to decorate "Arizona." Having a sense of humor as well as a sense of justice, Brig. Gen. Bolles, Presidio commandant, agreed. So today the Thirtieth Infantry Regiment turned out in review, "Arizona."

was presented with a new blanket, paid for by subscriptions of the men. On it is a large letter "A," standing for his name and for Argonne. The mule stood in the reviewing stand munching carrots, near Gen. Bolles. As the infantrymen marched by they snapped to salute, and officers raised their swords to their brows.

"Arizona" was not born in Arizona, but in Missouri on a farm.

MOVE BEGUN FOR POWER LOBBY QUIZ

Norris Sponsors Action as Trade Commission Prepares Utilities Inquiry

WASHINGTON, Feb. 16. (AP)—As the Federal Trade Commission prepared today to carry out the Senate's mandate to investigate public utilities, a quiet movement for an investigation of the power lobby in the national capital was put under way in the legislative body.

Senator Norris of Nebraska, a Republican insurgent, sponsored this movement, which gained the instant support of a number of Senators on both sides of the chamber. They regarded the importance of this inquiry as second only to one of the utilities themselves and said speedy action was imperative.

There still was apparent in the Senate the bitterness which characterized the fight which resulted last night in a Senate vote of 46 to 31 to have the Trade Commission and not the Senate inquire into the financing of electric light and power and gas companies.

In announcing that the Senate resolution will be laid before the commission tomorrow, Chairman Humphrey, who was attacked repeatedly during Senate debate on the Walsh resolution, said the investigation would go forward soon.

The commission itself must decide whether it will heed the Senate's admonition to conduct the investigation at public hearings, but it was indicated that three of the five members would vote for an open inquiry with full notice of the time and the place of the hearings.

Coolidge Alone for First Time at Reception

WASHINGTON, Feb. 16. (AP)—President Coolidge received alone tonight at one of the formal receptions of the winter social season for the first time since he entered the White House.

He stood in the Blue Room without Mrs. Coolidge at his side, forced to do so because illness has confined her to her room for a week, while officers of the Army and Navy and several hundred guests filed by.

Tonight's reception marked the close of the winter's season. Four receptions in all have been given, one each to the Diplomatic Corps, the Judiciary, Congress and officers of the Army and Navy.

While those attending tonight's reception passed by for a greeting from the President, Mrs. Coolidge was upstairs in her private bedroom. Her physicians have diagnosed her illness as a cold and reported today that she is continuing to recover.

La Guardia Bill Report Sought

WASHINGTON, Feb. 16. (AP)—A petition to instruct the House Judiciary Committee to report the La Guardia bill proposing modification of the Volstead Act to legalize the sale of beer and home consumption of fermented fruit juices was filed with the clerk of the House today by Representative La Guardia of New York, Republican.

Under House rules, the petition to become operative must be signed by a majority of the 435 representatives.

Padlocks Near for 350 Cafes

CHICAGO, Feb. 16. (AP)—Prohibition padlocks for 350 centers of Chicago night life will be sought within the next month, the government has announced through Asst. U. S. Dist. Atty. Elder.

The cabarets, night clubs and theater-restaurants involved, he said, represent property investments totaling \$15,000,000.

BUSINESS SUSPENDED BY BANK IN FLORIDA

PORT LAUDERDALE (Fla.) Feb. 16. (AP)—The Fort Lauderdale Bank and Trust Company, the only financial institution here, failed to open for business today. A notice states the officers and board of directors decided to suspend business. The bank, of which W. C. Kyle is president, is capitalized at \$250,000 and recently took over the First National Bank here in a merger.

MEDFORD, OR., PROVES TO BE CUPID'S HAVEN

MEDFORD (Or.) Feb. 16. (AP)—Thirty-two marriage licenses were issued in this county in January to California couples apparently wishing to evade the California law which requires publication of intention to wed three days before the wedding.

THE MAY CO.

Broadway, Eighth and Hill Streets

SIZE 12 SHOP

New Fashion Service for Miss or Matron In The Misses' Shops of Smart Apparel!

From one Size 12 to Another

Really, it's the best news we've heard in a long time. The opening of The May Company's Size 12 Shop. It's almost too good to be true . . . a shop where we smaller folks can find just what we want, made as we want, at the price we want to pay.

A Few of the Many Problems

I'm taking it for granted that you're not literally twelve years old. That you're anywhere from the collegiate to . . . well past many score, and you're little and have a youthful figure. Now, haven't you found this happening to you?

You Decide to Go Shopping—

A dress, a coat, a suit, an ensemble . . . whatever it may be. You go, hoping that someone's made size 14 a little smaller. You know you're in for a session of cutting and pinning and fitting and general "making over."

Nothing Ever Fits Perfectly

You try on nearly everything . . . but the sleeves are too long, the shoulders droop, the length is ridiculous. Finally, the saleswoman says: "Have you tried the Girls' Shop?"

You Let Them "Cut 'Em Down"

Those things are perfectly darling for girls, but just a shade too "jeune fille" for you. So the cutting and fitting and pinning went on and somehow you were apparelled.

We Study Your Problems

The newer and more feminine trend actually started it. Little women discovered it was almost impossible to find the more sophisticated made in their size. May Company fashion authorities studied the problem diligently. They experimented by making careful computations, and measurements.

Solved! With The New Size 12 Shop

The Size 12 Shop is the result. With the newest of formal and informal apparel in the correct skirt, sleeve and blouse lengths . . . with perfect fitting shoulders . . . in truth, with every proportion correct. And that's the story!

Ensemble

Black fringed coat of fur scarf throws lined in fur print as the one-piece frock.

Reversible

Tas kasha coat lined in same fetti-dotted, four-leaf clover, bow-trimmed . . . \$129.50

Print Frock

PARENTS TAXED FOR THIS ALSO

Charged With High Cost of
Untruthfulness

Responsibility for Honest
Race Assigned Them

Lying Declared Heaviest Tax
on Business

CHICAGO, Feb. 16. (AP)—If dishonesty is the largest single item in the cost of business today, the parents of a generation ago should foot the bill, for the rearing of an honest race lies with the parents, in the opinion of experts who addressed today's meetings of the Midwest Conference on Character Development.

So important is honesty in child training, said Dr. Joseph Jastrow of the New School for Science Research, New York, that the United States should spend \$180,000,000 annually to make people honest, instead of "trying to keep them from drinking a little liquor."

Dishonesty is the greatest single expense to business today, he supplemented, and to make people honest, children should be made honest. Crime tendencies in grade-school children can be detected in three out of four cases, said Dr. Jastrow, adding: "The apathetic child with undeveloped emotions is the most dangerous. Hickman, convicted slayer of Marion Parker, is of that type. And the apathetic tendency can be detected when children are from 3 to 7 years of age."

Nearly \$5,500,000 was spent in new railway lines in New Zealand last year.

Bandit Gallops Off With \$3000

TUCUMCARI (N. M.), Feb. 16. (AP)—The first bandit on horseback to hold up a bank in New Mexico in years galloped away with \$3000 in cash from the First National Bank at Nariia, fifty miles northeast of here, today. Swinging from his saddle at the bank door, the masked bandit ordered Cashier Mrs. Blanche Watts with his six-gun. She resisted and he struck her down with the gun and dragged her into the vault where he obtained \$3000 and securities of undetermined value.

Decree Urged in Kresge Suit

NEW YORK, Feb. 16. (Exclusive)—Motion for an interlocutory decree of divorce for Mrs. Doris Mercer Kresge from the multimillionaire, Sebastian S. Kresge, was made yesterday before Superior Court Justice Valente by Walter Yynch, counsel for Mrs. Kresge.

The motion is based on the finding of a jury before Superior Court Justice Tierney a week ago Monday that Kresge was guilty of infidelity on seven separate occasions.

PHOENIX HOLDS MAN WANTED IN OAKLAND

PHOENIX, Feb. 16. (AP)—Walter O'Keefe, alias R. E. Foley, asserted California parole violator and wanted in connection with the robbery of an Oakland (Cal.) hospital, was arrested here today by city police officers. O'Keefe is also wanted by San Bernardino (Cal.) and New Orleans officers, according to the Chief of Police here.

POISON-DEATH CLEWS TRACED

Quest in Two Illinois Deaths
Turns to West Coast

Postal Inspector in Case on
Way to Los Angeles

Deadly Capsules Sent from
Kansas City, Mo.

ALEDO (Ill.), Feb. 16. (AP)—Mercer county and postal authorities hope to uncover evidence on the West Coast which will aid in tracing the source of poison capsules which took the lives of Mrs. Curtis Lowry of Aleo and Maurice Baker, a farmer near here.

The capsules were mailed to ten Mercer county residents. Since the two deaths no tangible clues to the person or persons who mailed them have been reported.

Postal Inspector Kinney has left for the Pacific Coast and is checking clues at Los Angeles and Long Beach. Mercer county authorities are working on the theory that the capsules, mailed in sample wrappers, were sent by several persons in revenge for an investigation of chicken thefts in the county eighteen months ago. The anti-chicken thief organization held one of its meetings at the home of Mrs. Lowry.

The capsules were mailed from Kansas City, Mo., on January 31, last, and bore the name of the Zerkel Pharmaceutical Company, located at St. Joseph, Mo. Investigation reveals, however, the company did not mail the poisonous tablets. Baker and Mrs. Lowry died on the 2nd inst.

Dry Leaguer Fined in Libel

NEWARK (N. J.), Feb. 16. (AP)—Rev. Dr. Marna S. Poulson, State superintendent of the Anti-Saloon League, today was found guilty of charges of libeling three Newark judges. A fine of \$500 was imposed.

Wilbur F. Heisley, chief of defense counsel, announced that he will appeal the verdict.

The libelous statement of Dr. Poulson, which had been handed to newspaper men for publication, charged that vice is unchecked in Newark and that enforcement officials are "in on the game."

The judges named were Walter D. Van Riper of the Court of Common Pleas and Police Judges Albano and Boettner.

STATE'S HOTEL MEN PLAN TOUR OF ORIENT

SAN FRANCISCO, Feb. 16. (Exclusive)—On the invitation of the Japanese and Chinese governments a delegation representing the California State Hotel Men's Association plans a tour of the Orient similar to that recently undertaken in Europe by the American Hotel Men's Association. Final arrangements are being perfected by Jinnouke Takaku, manager of foreign affairs for the Japanese government railways, who is en route home following a transportation conference at Haga. The party plans to leave here April 26, next.

REQUISITIONS ISSUED
SACRAMENTO, Feb. 16. (AP)—Requisitions upon the governors of Washington and Arizona for the extradition of California fugitives today were issued by Gov. Young. James McFarland, wanted in Modesto on a robbery charge, has been apprehended in Seattle, Wash., while J. P. Love, who escaped from Los Angeles officers, is held in Florence, Ariz.

HAYS TO APPEAR IN OIL SCANDAL

Former Postmaster-General
Expected to Testify

Senate Committee Traces
Sinclair Gift Bonds

Witness Tells of Sale Made
for Empire Trust

WASHINGTON, Feb. 16. (AP)—Groundwork for the reappearance of Will H. Hays, former Postmaster-General and former chairman of the Republican National Committee, was laid today by the Senate Teapot Dome committee in tracing \$75,000 of Liberty Bonds which were used in 1923 to pay off part of the deficit of the Republican party organization.

Joseph F. McMahon, assistant cashier of Potter & Co., New York brokers, testified that on November 30, 1923, his firm sold for the Empire Trust Company of New York, \$75,000 in Liberty Bonds for the first 3 1/2 per cent issue and forwarded a check for \$74,718.87 to T. Coleman Du Pont, chairman of the board of the Empire Trust.

To complete the picture of this transaction, Senator Walsh of Montana, the committee prosecutor, read into the record previous testimony that Harry F. Sinclair, a central figure in the oil scandal, had given \$75,000 to the Republican National Committee; that Hays had taken that amount in Liberty Bonds to Du Pont; that Du Pont had sold them to the proceeds to liquidate the political debt.

Potter & Co., sold the bonds to C. F. Childs & Co. and through a representative of that company, James Bernier, the committee checked the serial numbers of the \$75,000 in bonds, \$25,000 of which have been identified as bonds once held by the mysterious Continental Trading Company of Canada.

SINCLAIR JUROR SHADOWING ADMITTED

WASHINGTON, Feb. 16. (AP)—Testifying freely, Henry Mason Day, confidential associate of Harry F. Sinclair, today declared that he hired Burns detectives to shadow "the Fall-Sinclair oil trial jury in order that Sinclair might get a 'square deal,' and his enemies be prevented from approaching the members of the panel.

Taking the stand in the criminal contempt proceedings against Sinclair, William J. Burns himself and two others, Day said the employment of the detectives was merely to learn who approached the jurors. Day's counsel said the witness and Sinclair had been shadowed constantly before the oil trial and that Day would so testify if so permitted to answer, but the government's objection prevented.

Day, vice-president of the Sinclair Exploration Company, said Sinclair's mail had been opened and that, for two weeks prior to the oil trial the wealthy oil operator had received threatening letters.

In less than a week, Day said, Sinclair became convinced that the surveillance of the jury could not prevent them being approached, because the detectives "lost their subjects" so frequently. Sinclair then ordered all the detectives dismissed, but Day persuaded him to retain a few to "cover" the jurors, of whom he was not certain.

Day described the employment of Burns detectives and said it was done at Sinclair's direction. The oil man, he said, was greatly disappointed because the oil jury was not locked up. Justice Siddons inquired if Day knew whether Sinclair's counsel had advised him to employ detectives. Day did not know.

Puppy Love and Religion Said to Bloom Together

CHICAGO, Feb. 16. (AP)—Puppy love in adolescence is the first sign of interest in religion, Dr. Solomon Frenhof of Chicago told the Child Study Conference today.

"When your 15-year-old son slicks down his hair and borrows dad's best necktie to make an impression on a girl, don't try to stop him," Dr. Frenhof said. "Religion is a stormy element in the mental life at this period, because the psychic changes which occur are of a type which invariably affect religion."

"The religion of childhood has the simple charm of native faith," he said, "but the religion of adolescence is neither naive nor calm."

Famous Woman Dancer Expires After Operation

BROOKLINE (Mass.), Feb. 16. (AP)—Miss Berthe de Pourtales Braggiotti, dancer, died at a hospital today after an operation for appendicitis.

Miss Braggiotti was for many years a leading exponent of interpretative dancing, and with her sister Francesca conducted the Braggiotti-Denisheva school in Boston.

Miss Francesca was at her sister's bedside when the end came, after having made a hurried trip from Hollywood, where she was working on a motion picture.

Mrs. Kahn Eats With Coolidge

WASHINGTON, Feb. 16. (AP)—Women appeared at the White House breakfast table today for the first time since President Coolidge adopted the practice of inviting members of Congress for the early morning meal.

Among fourteen members of the House at the breakfast were Representatives Edith Nourse Rogers of Massachusetts and Florence P. Kahn of California, Republicans, and Mary T. Norton of New Jersey, Democrat. Other guests included Representative Johnson of Washington.

WIFE MURDER ADMITTED

SACRAMENTO, Feb. 16. (AP)—Guadalupe Munoz today pleaded guilty to the charge of murdering his wife. The plea, made before Judge Puzen, was a reversal of his former plea. He will be sentenced next Tuesday. Munoz was charged with stabbing his wife through the heart on December 1, 1927, in a rooming-house here.

ACREAGE in the Heart of Hollywood

...THINK OF IT... TODAY... A limited number of estates from one to five acres, with the delightful summer and winter climate of the Hills of Hollywood... Free from frost with favorable soil conditions for avocados, deciduous and citrus trees, shrubs and gardens... with sweeping vistas embracing the City, the Mountains and the Sea... where the sports and recreation of Griffith Park may be enjoyed... Combined with the profit-making, strategic advantages of Accessibility, Fine Improvements, Schools, Churches, Theatres and other metropolitan conveniences.

Property values have soared and fortunes have been amassed by the holders of Hollywood acreage in a remarkably short period of time. NOW, you may also enjoy the opportunity of owning acreage in this world famous community.

PACIFIC SURETY HOUSE REPORTS

Indemnity Company Gives Out Annual Statement

Gross Gain in Premium Income Set at \$2,660,025

Assets at Close of 1927 Show \$1,273,887 Higher

Salutary progress by the Pacific Indemnity Company in its second year of operation was reported to stockholders yesterday by Lee A. Phillips, president, in his annual statement for 1927. The company maintains headquarters in Los Angeles and does business in the States of California, Oregon, Washington, Arizona, Utah and Nevada.

Total income for the year, according to the president's report, amounted to \$4,017,274.14, derived from \$3,755,278.71 in premium income and \$261,995.43 in income from investments. Gross premiums written increased \$2,660,025.49 over 1926 to a total of \$5,727,690.41 at the close of 1927. Net premiums increased \$2,343,111.59 to \$3,755,278.71, and admitted assets at \$1,273,887.43, were \$1,273,887.43 higher than in 1926. Reserves increased \$1,299,628.57 to a total of \$2,573,516.00.

Total disbursements for the year were \$2,744,705.24. This includes losses and loss expense paid, home office expenses, taxes and commissions, leaving an excess from operations of \$1,272,568.90. The excess income, together with \$324,940.79 for surplus, was absorbed in the increase of reserves set up in accordance with the requirements governing accounting for insurance companies.

SURPLUS RAISED

The company was examined as of September 30 by the insurance department of the State of California and Washington. The examiners added \$36,725.87 to the surplus represented by the company as of that date. A portion of their report follows:

"This report shows the company to be in a sound financial condition with admitted assets of \$5,288,143.95, a surplus of \$1,273,887.43, and a capital of \$1,273,887.43. The company's surplus to policyholders of \$2,620,775.57.

The home office organization was materially strengthened during the year, according to Mr. Phillips. H. E. Wood reported P. E. Brinkman as vice-president in charge of the fidelity and surety departments; Eugene L. Stockwell was made attorney and manager of the claim department; Fred J. Butcher was added to the staff of the fidelity and surety department; and James E. McInerney was made secretary of the company.

PROFITS SHOWN

The investment department, in charge of Preston Hotchkiss, as vice-president and treasurer, presented a report showing no delinquencies in investments, with an average earning over all invested assets of 6.54 per cent and a profit from the sale of investments for the year of \$23,140. An added investment profit could have been shown and the management was able to take the write-up allowed by law on investments.

In concluding, Mr. Phillips stated: "Our company was licensed to do business February 5, 1926, and as yet we have not operated two full years."

OIL CURTAILMENT PLANNED

Restriction of Heavy Grade Output Under Discussion; Figures Suggest Price Rise in Light Varieties

BY EARLE E. CROWE

If discussions now under way among executives of California oil companies culminate successfully, the turn for the better in the Pacific Coast industry will come much sooner than expected. Representative oil men, it was learned yesterday, are quietly working on a plan to still further curtail crude oil production in this State, probably to the extent of 100,000 barrels daily.

Statistically, a condition of surplus production does not exist in California, and actually the companies are steadily withdrawing light oil from storage. But the heavy grades are accumulating in storage too rapidly. To correct this situation a survey of the heavy oil fields in the State has been undertaken, initiated by some of the more responsible men in the industry, with the intention of working out a program of curtailment. Several meetings already have been held.

VENTURA FIRST

Engineering representatives of some of the principal companies operating in the Ventura avenue field met yesterday, and tentatively agreed, it is understood, on a 20 per cent reduction in the output at Ventura. General Petroleum, Associated Shell and Pan-Western are the leading Ventura operators, and are in a position to control the situation. Daily production in this field is now running around 8,500 barrels daily, which reflects a similar amount of curtailment made last April.

Inauguration of this program, provided it is ratified by the companies concerned, will assist in the program to conserve the natural gas supply in Ventura, avenue. The Governor's committee, working with a committee appointed by E. W. Clark, president of the American Petroleum Institute, is now studying ways and means to conserve the 50,000,000 cubic feet of gas going to waste daily at Ventura.

Heavy oil curtailment is feasible, according to unofficial information, in some of the Kern county fields at Coalinga, Orange county, and other centers of production. Efforts to bring the new Kern front field into line have succeeded so far as the companies are concerned, it is reported. At Coalinga, it has been agreed that California Petroleum will curtail production 40 per cent of its output. Generally the San Joaquin Valley

We believe in this short time that we have accomplished a very strong organization. An analysis of our accounts clearly indicates that our true picture is substantially improved during the period the company has been operating. The management bettered our financial work has been well done and that the year 1928 will show a marked improvement in all departments."

Rail Body Hits Price Boost of Public Utility

SAN FRANCISCO, Feb. 16. (AP)—In a decision authorizing the purchase of properties of the Tuolumne County Electric Power and Light Company by the Pacific Gas and Electric Company, the State Railroad Commission today re-emphasized its policy against permitting a public utility to place an excessive price paid for such property.

In authorizing the purchase the commission declared that the purchase price of \$1,050,500 was greatly in excess of "any reasonable appraisal" of the properties and ordered the purchasing company to take a part of the price from its surplus.

The commission declared that reasonable historical cost of such property amounted to \$1,012,245.26. In passing on the application the commission made the following statement:

"In this connection we might call attention to the fact that the commission has repeatedly held that public utility properties that are actual or estimated historical cost of said property, including land at present value, the difference between such cost and the purchase price should be charged to surplus and not capitalized through the issue of securities."

The commission referred to a number of former rulings in which it upheld that principle.

New Offerings Scheduled for Sale Tomorrow

Bonds scheduled for distribution on the Pacific Coast tomorrow include \$15,000,000 Commercial Investment Trust Corporation 6 per cent convertible debentures and \$124,116.69 Municipal Improvement District No. 1 5 per cent bonds of the city of Pasadena. The former are offered by Dillon, Read & Co., while the latter are offered by the John M. C. Marble Company.

The Commercial Investment Trust Corporation 6 per cent convertible debentures mature in 1940 and are convertible into cumulative 4 1/2 per cent first preferred stock with a par value of 100. The price is 100.

The city of Pasadena issue is to be used for the purpose of widening Colorado Boulevard. The estimated property value has been placed at \$20,000,000. The bonds, which are exempt from Federal income tax, are priced to yield 4.50 per cent and secured interest.

BACIGALUPI GIVES NOTE OF WARNING

Speculators Told Plans for Bancitaly Expansion May Fall Through

SAN FRANCISCO, Feb. 16. (Exclusive)—Although reports of negotiations between A. P. Giannini and the Jones interests of New York for the consolidation of their respective banks and in an analysis of the going statistical data stockholders in California oil companies may draw considerable encouragement from the strong possibility that the \$650,000 consolidation may not be completed.

Bacigalupi, who also is president of the Bank of Italy, issued a warning yesterday that the Bancitaly Corporation stock had been pocketing to as high as 184 on the Los Angeles Stock Exchange and 182 on the street here following the close of the San Francisco Stock Exchange yesterday.

The shares closed at 180 officially, a 2-point advance during the day, when misleading interpretations of the confirmation were circulated about the Bancitaly deal.

Giannini issued a statement to New York newspapers in which he confirmed the fact that negotiations are in progress for the consolidation of the Manufacturers' Trust Company of the Bank of Italy and the Bank of the West and East River National Bank of New York and the Commercial Union Trust Company.

He stated, however, that the deal is by no means completed, and there is no assurance that the consolidation will be completed. He said that the deal is by no means completed, and there is no assurance that the consolidation will be completed.

Formation of New Marland Oil Announced

PONCA CITY (Okla.), Feb. 16. (AP)—Municipal retirement of three more officials of the Marland Oil Company and formation of a Marland production company were announced today by E. W. Marland, president.

John H. Alcorn and J. M. Cleary, vice-president, and Seward R. Shelton, treasurer, have asked that their names be not submitted for re-election at the annual meeting of stockholders in May, Marland announced.

W. H. McPadden, first vice-president, and W. A. J. M. Van Der Graecht, vice-president in charge of research, retired from the company several weeks ago.

The announcement said that the retirement was announced today would carry on their work.

The new organization will be named the Marland Producing Company, and will carry on production activities now maintained by the Marland oil companies of Texas, Oklahoma and Colorado.

MORTGAGE COMPANY ELECTS EXECUTIVES

Announcement of the officers and directors of the Metropolitan Mortgage Company was made yesterday following the annual meeting held recently.

Officers are as follows: L. C. Rauch, president and general manager; Howard J. Latimer, vice-president; K. L. Pierce, treasurer; Don O. Roth, secretary; E. H. Freeman, assistant treasurer; and C. A. Rose, assistant secretary.

EARNINGS OF POWER UTILITY UP

Great Western Reports Net Increase for 1927 \$554,163 Over 1926

Great Western Power Company of California, subsidiary of the Northern American Company, reported yesterday an increase of 11.9 per cent in the net earnings for the year ending December 31, last, as compared with the previous year. Net income available for preferred stock, after all charges, was equivalent to \$14.52 per share on 182,888 shares outstanding.

Net income of 1927, 181,467 shares outstanding at the end of 1926. Earnings available for the common stock were \$554,163, or \$3.00 a share, as compared with \$410 in 1926 on 275,000 100 par-value shares issued.

Gross earnings for the twelve months aggregated \$9,742,235.06, as against \$9,470,981.31 in 1926, an increase of \$271,253.75, or 2.9 per cent. Total operating expenses, maintenance and taxes amounted to \$9,188,071.76, or 93.7 per cent. Net interest charges, which represent interest on capital, amounted to \$562,247.80, or 5.7 per cent. After deducting the preceding twelve months, increased \$107,220.54, or 7.4 per cent.

Net income available for preferred stock was \$1,292,359.39, as compared with \$1,222,289.53 in 1926, an increase of \$70,069.86. Dividends on preferred stock divided the balance remaining for the common stock in \$1,337,748.26, as against \$1,192,359.39 reported in 1926, an increase of \$145,388.87, or 9.5 per cent.

London Daily Radio

BY ARTHUR W. KIDBY

(Copyright, 1928, New York Evening Post, Inc.)

LONDON, Feb. 16. (By Wire)—Markets were idle and quiet today with further liquidation in industrial shares. Some home rails were easier, although the Great Western declared a dividend yesterday, which shows that enormous economies have been practiced in expenditures as the dividend, put back to the 1926 level, exceeded the best expectations.

The market was slow because of uncertain and cryptic replies made by spokesmen for the government to anxious inquiries in Parliament. A feeling exists that the government does not fully understand the situation.

Negotiations are proceeding for the Danish external loan which has for its object the reconstruction of the Daneske Landmandsbank. It is believed that the Hambro and Barclays banks are interested here and that the loan will also go to your side.

It is reported that Lazard Brothers have underwritten an issue here on behalf of 10,000,000 marks on behalf of certain German mortgage banks, the proceeds of which are to be devoted to house building.

ROYAL SECURITIES REPORTS EARNINGS

Net earnings of the Royal Securities Company for the fiscal year just closed amounted to 21 per cent after depreciation, taxes and other expenses of operation. It was announced yesterday by the president of the company following the annual meeting of stockholders. A dividend of 7 per cent was declared on the preferred stock of the company payable March 1 to stockholders of record the 25th inst.

COTTON MARKET

NEW YORK, Feb. 16. (Exclusive)—The cotton market was strong and moderately active from the opening this morning with prices going up between 20 and 25 points from yesterday's closing quotations. There was a good deal of covering of shorts and new trade and speculative buying on the fresh upturn to the Liverpool market and the sudden cold wave that appeared in the western part of the belt over night. Temperatures were down to between 15 and 20 degrees below zero over most of Oklahoma, with some snow there and two inches of snow in Northwestern Texas. There was also a good deal of snow reported in Western Tennessee. Many regarded this as bullish on the idea the return to winter conditions indicated the possibility of a late spring to delay preparing the soil for the new crop.

Private cables from Liverpool and Manchester were more encouraging and both Liverpool and New Orleans houses were good buyers here on balance during the forenoon. Liverpool futures closed firm near the top of the day at 10 points net advance for the old crop months and 8 to 10 for the new against their early decline of 4 to 6 points and what should have been a sustained decline of 8 to 9 on the day to have met our closing reaction of yesterday.

On the advance here March contracts went up to 18.16, May 18.29, July 18.56, October of the new contract 18.16 which was within 10 to 15 points of the high levels reached over Tuesday's sharp advance. After the closing Liverpool cables were posted and the Weather Bureau's forecasts were for some rains in the Southwest. Profit selling increased as business progressed and the stock market showed some fresh weakness in spots, bringing in a good deal of realizing by recent Wall Street buyers.

MART WAITING MONEY CUE

Definite Indication as to Probable Direction of Rate Trend Would Affect Tone

BY PAUL WILLARD GARRETT

(Copyright, 1928, by New York Evening Post, Inc.)

NEW YORK, Feb. 16.—The stock market has drifted into a waiting attitude with the approach of March, but opinion still is so evenly divided that an outstanding piece of news on money could turn the trend momentarily either upward or downward.

Perhaps the market now is more sensitive to adjustments in money rates than to underlying changes in business. Virtually everybody admits the likelihood of an improvement in industry during the first quarter—evidence of this is abundant in reports from the steel industry—and therefore current statements of gains in trade are not greatly affecting the general tone of the stock market. This is not to say that the market has entirely lost its barometric qualities but that at present prices good business ahead has been discounted.

What the stock market does not know is how long the present pace of industrial improvement will continue, and more especially how the shifting rates of the money market will influence stocks.

Adoption of a 4 per cent reduction rate at Philadelphia and Boston emphasize the indication of the Federal reserve system to move all of the banks to the higher rate ultimately, but the stock market does not judge by this to what length the Federal reserve banks may go to contract speculative credit.

The time is at hand when the ordinary seasonal demand for funds for industry may be expected to swell the volume of commercial loans. Partly in anticipation of this increase and partly to avoid the criticism that always accompanies a rapid and extended expansion in speculative credit, the reserve banks have continued their policy of unloading government securities. If this policy is maintained and if member banks increase substantially their borrowings at the Federal reserve banks, the volume of commercial loans will increase and the ground is laid for firmer money.

Wall street lately has been fearful that as business increases various large industrial corporations now loaning money in the call market will pull in a portion of these funds. But the volume of funds now loaned on call by industrial corporations in large exorbitant amounts, how large nobody knows. These are some of the underlying developments that have tended to retard speculation lately and that explain why the contraction in stock-market activity does not reflect waning confidence in business.

UTAH COPPER GAIN IN INCOME SHOWN

NEW YORK, Feb. 16. (AP)—Utah Copper Company earned \$6.65 a share in 1927 on profit of \$1,740,764 compared from quarterly reports. This compared with \$1,357,028, or \$6.45 a share in 1926. Fourth-quarter profit was \$421,735, or \$2.59 a share.

Net Profits of Roos Brothers' Stores Point Up

NEW YORK, Feb. 16. (AP)—The net profits of Roos Brothers, Inc. for the six months' period ended December 31, last, after all charges, but before Federal income tax, gained 21.5 per cent over the corresponding period of 1926 and amounted to \$888,497.55, as compared to \$275,052.90 in 1926 an increase of \$613,444.65, according to the first annual statement of the business of Roos Brothers (California) at the end of June, 1927.

Net profit available for dividends after deducting Federal income tax of \$22,229, amounted to \$250,128.55, as compared with \$204,533.90 in the corresponding period of 1926, and is equivalent to \$25.01 per share on the preferred stock, which is 7.7 times the preferred stock dividend requirement of \$3.25 a share. The balance available for common stock dividends amounts to \$117,828.94, or 8.73 per share, which is 2.17 times common stock requirements at the present rate of \$2.50 a share, per annum. Balance carried to common stock surplus amounted to \$117,828.94, equivalent to \$11.78 a share.

SUGAR BEET PRICE CONFERENCE FAILS

DENVER, Feb. 16. (AP)—Negotiations between the Great Western Sugar Company and sugar beet growers of Colorado, Nebraska, Wyoming and Montana, over a price scale for the 1928 crop have been broken off. Failure to reach an agreement after three days of deliberating was announced late last night by company officials in an official statement. No date for a resumption of negotiations has been fixed.

JUSTICE SPEEDY
IN BANDIT CASEPrisoner Tried, Convicted
and Sentenced in
Three Hours

It required but three hours yesterday to try, convict and sentence Joe Holmes on a charge of first-degree robbery preferred against him in connection with the hold-up October 2, 1927, of Mrs. O. Pachis, 815 Lookout Drive.

After the jury had found him guilty, Holmes waived time for sentence and Judge Aggeler imposed a term of from seven years to life in San Quentin.

We are investigating some other point and I can't conceive what this has to do with what we are investigating."

RECORD TRANSCRIPT
The Foreman: "We will go along the lines drawn out by the District Attorney. He surely knows what he is trying to do."

Mr. MacKay: "I just wish to bring this matter out. It is a matter involving the investigation."

A Juror: "Yes. It is necessary as to the credibility of this witness."

Ramsay then testified he did not strike the woman. Then a juror asked him:

"What investigation have you done against members of the grand jury looking up the records?"

Ramsay denied he had made such an investigation.

A recess then was taken and next day Mrs. Bailey was called. Ramsay's indictment was voted later.

SECURITY IN
TERRORISM
PLAN LIFTEDContreras Goes to Beach
City as Negro Baiters
Meet in Sand Dunes

Secrecy surrounding the asserted campaign of terrorism against Mexican beach negroes was lifted yesterday by George Contreras, District Attorney's investigator, when details of a secret meeting in the sand hills near the ocean were revealed.

The mysterious meeting, according to officers, was called by leaders in the movement to oust the negro population from the beach city immediately after the announcement was made that evidence concerning asserted acts of violence had been obtained and will be placed before the 1928 grand jury.

Yesterday Contreras left his office and it is learned he visited Manhattan Beach to take personal charge of the investigation.

Women at Tea
Don Garbs of
Colonial Days

Dolly Varden talked with Pocahontas while Abraham Lincoln sipped tea with Sarah Bernhardt at a colonial tea given by the Women's Guild of the Wilshire Presbyterian Church at the home of Mrs. George E. Cryer yesterday afternoon.

As part of the entertainment, Abraham Lincoln, impersonated by Miss Sophia A. Hume, gave an address. Mrs. Frank S. Rau gave the reading, "Grandma at the Masquerade," followed by a musical by Betty Jean Willis and Ruth Maddox. A negro orchestra played appropriate tunes on banjos during the tea.

Mrs. James Wilson, president of the guild, wore the costume of a colonial dame. Mrs. James Gysin, chairman of Circle 1, was garbed in clothes in vogue during the days of Dolly Madison. Others who appeared in costume were: Mrs. Anna Briggs as George Washington; Mrs. Marie Campbell, Pocahontas; Mrs. M. Levering, Louise M. Olcott; Mrs. James Smith, Florence Nightingale; Mrs. A. D. Hughes, Jenny Lind; Mrs. D. M. Cooper, Abigail Adams; Mrs. George Brown, Sarah Bernhardt.

More Traffic
Signals Sought

Chairman Davis and Councilman Shaw of the City Council's Traffic and Lighting Committee yesterday presented to the City Council a resolution authorizing the purchase of automatic traffic signals for 120 street intersections not now protected by these signals.

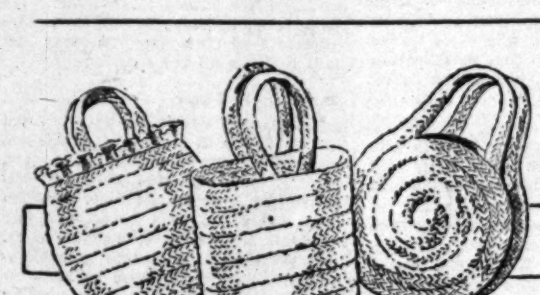

BROADWAY • HILL • AND • SEVENTH • "ONE • OCLOCK • SATURDAYS"

TROJAN CLASS GRADUATES

Seventy-two Diplomas and Degrees Awarded;

Thirty-five on List Angelinos

The University of Southern California announces that seventy-two

diplomas and degrees have been awarded to students who completed their

college work in the February class of 1928. Thirty-five of the midyear

graduates are Los Angeles residents and the remainder hail from twenty

California towns, five states and one foreign country.

Local students included in the February graduating list are as follows:

Master of Arts degree—Dorothy M. Calkins; Master of Arts in Education

Bertha A. Batts, Alfred C. G. Jomith, Edith R. Harshberger, Ella M. Ken-

nedy, Ruth M. Moore, Vivian Frances Mase Olson, Hildgar C. Osterberg;

Bachelor of Science in Business Administration—Wilbur A. Dorman, John Ran-

dolph Hurley and Willis W. Weber. Bachelor of Science in Business Ad-

ministration, and Jennie Kline Sil-

ler, Bachelor of Arts.

Midyear graduates from elsewhere

than Los Angeles are:

Master of Arts degree—Hugh C. Bunker and F. Thomas Weston; Masters in

Education—John L. Bunker, John L. Bunker, John L. Bunker, John L. Bunker,

John L. Bunker, John L. Bunker, John L. Bunker, John L. Bunker, John L. Bunker,

MAD STORM

RUSHES HIGH

ABOVE CITY

Temperature Tumbles and

Orchardists Again Keep

Smudge Pots Going

A seventy-six-mile-an-hour gale

swept over Los Angeles yesterday—

but it was 18,000 feet above the city,

according to the United States

Weather Bureau balloon. Neverthe-

less, the wind dragged a lot of cold

air down from the high inland moun-

tain ranges to the north upon the

country hereabouts and the thermom-

eter down 7 deg. below the

80 deg. average of February mini-

mums.

Orchardists last night fired up their

smudge pots in virtually every place

where they had them on. The storm

froze the wind was fairly high the

frost threat was at a minimum but

where it was low the fire drew it

real trouble was.

Colleges Designate Official Broadcasters

Local Talent in Personal Appearance

By Dr. Ralph L. Power

Prof. Sylvester Herwig of the city school department will open the educational hour at 4 o'clock today through KHJ with his weekly talk story of American history.

As guest artists on the educational broadcast the Hollywood High School combined glee clubs will give part of the program, and there will be a solo by Howard Stoen and a tenor solo from Dean White.

As recently appointed director of American historical research of the city schools, Prof. Herwig is bringing to his radio lectures a wealth of authentic data.

PINAFORTE REMATED

By popular request H.E. Pinaforte, Gilbert and Sullivan comic opera, will be given at 8 p.m. over the radio microphone with the following cast: The soprano, Mildred Martin; the contralto, Mrs. M. M. Draper; the tenor, Archie Rugless; the baritone, Glenn Dolberg; and Leslie Brigham, basso.

The popular entertainment given a week or so ago on a sponsored program will be again given tonight at KHJ, this time on a studio hour.

The Cavaliers quartet band and the Gavotte Male Quartet will be the 9 o'clock bill, while the California LaSalle Concert, with Frank Geller, basso, is the 10 p.m. schedule at KHJ.

WMAQ EDUCATIONAL TALKS

WMAQ, Chicago, now gives a total of eleven and one-half educational hours each week. The station has also been designated as the official station of the University of Chicago and Northwestern University, the two great schools that have done so much to make Chicago a center of culture throughout the Mississippi Valley.

On the University of Chicago campus the institution has equipped a studio to facilitate transmission of programs, while Northwestern University also broadcasts its lectures through a remote-control line.

Fifty schools of the public school system tune in to WMAQ for twenty-five minutes three mornings a week while the other radio talks are designed for adult audiences.

STUDIO TALENT APPEARS AT LUNCHEON

KFI talent will entertain the Ardena Club at its weekly Los Angeles luncheon today in the Alexandria ballroom. The artists will include Red Wyatt and his wife, Eva O'Neil, operatic singer; the studio string trio, and a variety of vocalists, while Robert Hurd will sing in two roles, according to the announcements, the classic music which he sings under his own name and the popular tunes for which he uses the radio name of Paul Roberts.

CHILDREN'S HOUR GROWS; CLUB NUMBERS 300,000

CHICAGO, Feb. 16. (Exclusive)—"The Club in the Limit Club," organized by "Uncle Bob" Wilson, in charge of the children's hour on KTV, Chicago, now has a membership of 300,000. Each member signs a pledge to stop, look and listen when crossing streets.

COLUMBIA CHAIN ADDS MORE STATIONS

NEWARK (N. J.) Feb. 16. (Exclusive)—Two stations have been added to the Columbia chain whose key is WOA, Newark, KOIL, Council Bluffs, Iowa, which was on the chain on Sundays only, became a daily participant, while KMBC, Kansas City, is a new member.

AUTO SALON ATTENDANCE SETS MARK

Officials Pleased With High Interest Exhibited; Display Ends Tomorrow

Former attendance records have been equaled by the second annual automobile salon now rapidly nearing its close at the Biltmore, officials in charge announced last night. Before the exhibition ends tomorrow night it is expected that last year's attendance record will have been doubled.

"We have seen the interest grow day by day during the week," J. C. Henderson, sales and advertising manager of the Fisher Body Corporation, declared yesterday. "It is real and genuine, and has been particularly pleasing to the sales management, and to us because of the national pride we take in creating our efforts for millions of people. We find, also, that Californians are well acquainted with modern body construction and especially with the work of the Fisher Body Corporation, now the largest builders of automobile bodies in the world. The salon proves that an ever-widening number of Americans interest themselves in higher standards of living, of pleasure and of comfort."

NEW LIGHT-POSTS FAVORED

The Board of Public Works yesterday recommended to the City Council that a 50 cent property owners' petition asking for the installation of ornamental lighting posts on Figueroa street from One Hundred and Eighth street to One Hundred and Fourteenth street be granted.

CHEERFUL CHAFF

BY TIMES READERS

NOTICE TO CONTRIBUTORS

This feature, including Cheerful Chaff, is to be discontinued after Saturday, February 18. Its place on the Times comic page will be taken by G. D. Bachelors' famous "Duke Over" series, presenting cross-sections of everyday life as they appear to the folks next door. These will be supplemented by "Chuckles From Life," Lee Shipper's popular "Joshua Little" will from time to time continue his homely philosophy. The new feature will start February 20.

She: Why do you wear that glass in your eye?
Man with monocle: That eye is weak.
She: Why don't you get a glass hat?
Gwen McLaughlin, 2137 Lovella avenue, Venice, Cal.

Jimmy had rescued a pal who had broken through the ice.
Stranger: That was real bravery, my little man.
Jimmy: Bravery nothin', he had my states on.
F. D. Knight, 3114 North Bronson avenue.

Mistress (beaming): Mammy, yesterday my sister gave birth to twin daughters.
Mammy: Oh, Missy, that's nothing. I has a frien' that's had giblets.
Hein Gally, Apt. 6, Mission Court, Orange, Cal.

Jack: See that man, he landed in this country with bare feet and now he has millions.
Bill: Gosh, he must be a centipede.
Jack Daniels, 909 South Madison avenue, Pasadena, Cal.

Mrs. Brown: I heard that you got a new cook. Is she black or white?
Mrs. Kelley: Neither. She's so green she can't even fry a baked potato.
Catherine McLoughlin, MRA Box 443, Oxnard, Cal.

Teacher: Johnny, why does an engine smoke?
Johnny: Because it can't chew.
Peter Matranga, Jr., 1444 Henry Street.

Man: The money I lost was a ten-dollar note.
Boy: Yes, I know; I had it changed so you could give me a reward.
Marjorie R. Lusk, 1309 East Washington avenue, Santa Ana.

"They say if there's anything in a man, travel will bring it out."
"You tell 'em! I found that out on my first voyage."
Emmett Johnson, 838 Fifteenth street, San Pedro, Cal.

Rudy: Do you carry a eliminator?
Sales girl: No, sir, but we have roach powder, and some good fly swatters.
F. Wayne Coons, 222 Cedar street, Riverside, Cal.

Ma: Why did Grace marry that chap?
She: To mend his ways, but she found out he wasn't worth a darn.
Alice Bucklin, 3521 Fifth avenue.

Six-year-old Geraldine was much concerned because her joke had not been printed in Cheerful Chaff.
Geraldine: Mother, why don't The Times print my joke?
Mother: Perhaps they didn't think it was funny enough.
Geraldine: Well, I think they should, they print Will Rogers' remarks.
Mrs. G. L. Mahoney, 409 North Kilgus Drive.

BERN COUNTY IN WAR ON LIQUOR

Forces Reinforced by Federal Agents

Proceedings to Be Launched in Drive

Liquor Car Escapes in Rain of Bullets

Feb. 16.—Federal agents today announced a drive on illicit-liquor traffic in Bern County, Calif.

Assisted by Los Angeles Federal men and men from Fresno, Agents Maureen and Paul Shannon have pursued a liquor car through the mountains of pure gold, raided a warehouse and confiscated a 200-gallon cache of pure grain alcohol since the beginning of the drive.

A barrage of shot, one high-velocity bullet striking the car, was fired after a running race between the liquor car and the federal agents. The liquor car, a 1928 Ford, was driven by a man named John J. Baker, who was captured after a chase of several miles. Baker was taken to the federal prison at San Quentin.

Charges of bootlegging were filed against Baker and the car continued at its headlong career through the mountains. The car was captured after a chase of several miles. Baker was taken to the federal prison at San Quentin.

On Feb. 16, the federal agents, who were pursuing the liquor car, were captured after a chase of several miles. Baker was taken to the federal prison at San Quentin.

STUDENTS TO GIVE OPERETTA Inglewood High Pupils Take Parts

Inglewood, Feb. 16.—Eighteen pupils of Inglewood High School are to give an operetta at the school auditorium on Saturday evening. The operetta, "Chimes of Normandy," is a musical play in three acts, written by Ernest Loebbecke and Constance Snell. The pupils are: Ernest Loebbecke, Constance Snell, and the rest of the cast. The operetta is a musical play in three acts, written by Ernest Loebbecke and Constance Snell. The pupils are: Ernest Loebbecke, Constance Snell, and the rest of the cast.

Lead in "Chimes of Normandy"
Ernest Loebbecke as Grenville and Constance Snell as Geropette.
Inglewood, Feb. 16.—The cheerful "Chimes of Normandy" will sound here tomorrow and Saturday evening, when the musical department of Inglewood Union High School presents their operetta in the school auditorium under the direction of Miss Luella M. Hughes, head of the department. Ernest Loebbecke as Grenville and Constance Snell as Geropette sing the lead in what is declared will be one of the most attractively staged and costumed productions of the season at the school.

Glendora Float Will be Shown in Other Cities

Glendora, Feb. 16.—The demand for the Glendora float in the State fair is so great that the float will be shown in other cities. The float is a large, ornate structure, and is being shown in other cities. The float is a large, ornate structure, and is being shown in other cities.

VAN NUYS ACREAGE SOUGHT FOR PICKLES

Van Nuys, Feb. 16.—There was such a demand for raw product at the Heinz pickle factory at Zelzah last year, that an effort is being made this year to get San Fernando Valley ranchers to plant a large acreage of cucumbers. Last season most of the "cukes" were grown in the Zelzah district. George B. Williams, manager of the plant, was here today and announced that he is contracting with Van Nuys ranchers to raise cucumbers. A total of 150 acres is asked for. Mr. Williams stated that if justified the Heinz plant would build a receiving station here to handle the large crop expected. For the last several years the Heinz plant has shipped thousands of barrels of "first-cure" pickles to its receiving plants all over the United States.

BOND ISSUE FAVORED Business Men Propose More Money for Added Elementary School System Facilities

San Fernando, Feb. 16.—Committee representing the Chamber of Commerce and the San Fernando Valley Union High School Association, the Glendora Board of Education, the Chamber of Commerce of the City of Glendora, the Chamber of Commerce of the City of Van Nuys, and the Chamber of Commerce of the City of San Fernando, have voted to approve a bond issue to raise money for the present elementary school system, now crowded in temporary quarters. The bond issue is for \$1,000,000. The bond issue is for \$1,000,000.

GROWERS NAME NEW DIRECTORS

San Joaquin Cotton Growers' Association
Meet at Tulare
Eighteen Chosen to Serve for
Coming Year
Report on Last Season's
Business Given

TULARE, Feb. 16.—Eighteen directors for the coming year were elected at the annual meeting of the San Joaquin Cotton Growers' Association at the Tulare county fairgrounds here yesterday. They are: W. R. Barlow, Bakersfield; A. C. Irwin, Buttonwillow; S. W. Pugh, Shafter; A. E. Beckers, Wasco; J. E. Regan, McFarland; Frank Green, Delano; Frank Schlicht, Earlimart; R. E. Lancaster, Pixley; R. P. Wayne, Tipton; J. W. Lamarsa, Poplar; H. O. Dingler, Corcoran; W. C. Bailey, Tulare; J. Netherland, Fresno; W. Giffen, Dos Palos; Earl W. Rogers, Madera; H. V. Eastman, Chowchilla; C. E. Richards, Oakdale, and Charles Higgins, Sacramento Valley. Three directors at large are to be appointed by the president at a later date.

Golden Wedding Celebrated by Valley Couple

Van Nuys, Feb. 16.—Mr. and Mrs. David P. Stites of 14163 Delano street were celebrating their golden wedding anniversary, having been married fifty years ago in Peru, Neb. then one of the frontier towns of the United States. Mrs. Stites before her marriage was Miss Maxie O'Hanlon. The two always have enjoyed living in the frontier. After their marriage they took part in the early settling of Oklahoma, continuing to move westward as the State grew in population. They came to California about the time of the first great rush of tourists to this State. Mr. and Mrs. Stites have three children, eight grandchildren and two great-grandchildren. Most of whom are in Van Nuys as guests at the anniversary celebration. The children are Mr. and Mrs. W. H. Stites of Whittier; Mrs. Maxie Stites of Van Nuys; Mrs. D. H. Stites of Sepulveda. The grandchildren are Mrs. Ploy Chambers of Van Nuys; Mrs. Eva Stratton, Montebello; Claude Stites, Whittier; and Stella, Mabel, Lawrence and Billy Stites, Sepulveda. The two great-grandchildren are Neil Stratton and Doris Chambers.

Goodwin Makes Scandal Threat

Santa Ana, Feb. 16.—Sensational accusations involving former and present Orange county officials connected with his first prosecution were promised by Philip A. Goodwin today as he prepared for his second trial on a murder charge scheduled to open Monday in Superior Judge E. J. Mark's court. Goodwin, who was once convicted of slaying Joseph J. Patterson, Los Angeles bank broker, and was sentenced to hang, then being granted a plea of guilty by the State. His ominous announcement from his cell in the County Jail. He refused to discuss details of the prosecution.

OPIMUM SMOKER SHOWN MERCY

Tells Santa Barbara Judge
"Can't go to Jail Today Because
I'm Delivering Laundry"
Santa Barbara, Feb. 16.—When Sam Kee, Santa Maria laundryman, appeared before Superior Judge S. E. Crow this morning for hearing on his application for probation following his plea of guilty to smoking opium, he informed his Honor he could not go to jail today. "Why can't you go to jail today?" inquired Judge Crow. "I deliver laundry today," was Sam's comeback. Practically every business man in Santa Maria appealed to Judge Crow to give the popular laundryman probation. "Do what you can for our community," was the tenor of their communications. He was granted probation after attorneys had testified that he was "an honest, hard-working laundryman who is well and favorably known in the community."

BOY HAS SENTENCE COMING Youthful Slayer Sent to Reform School to Remain Until Majority, When He Must Face Court for Further Punishment

Long Beach, Feb. 16.—Richard Haver, 15-year-old burglar who, according to his confession, killed Frank E. Foster, aged Civil War veteran, in the latter's home here on the night of September 6, last, was today committed to the State Reform School for the delinquents. The youth was sentenced to remain in the school until he is 21. In passing sentence Judge McComb, sitting in Department A of the Superior Court here, decreed that the youth, upon attaining his majority, shall be returned to the court for further sentence. Sentence followed a plea of guilty by the boy to a charge of involuntary manslaughter. A burglary indictment was taken off calendar upon motion of Dep. Atty. Gen. McCartney. The youth had confessed to police to a long series of burglaries in Long Beach. Foster, 66, died as the result of an encounter in the dark in his home with young Haver. Responding to screams emanating from his wife's bedroom, Foster arose to investigate and encountered the youth in the kitchen. The youth endeavored to escape and told police he was only sufficient force to push the aged man to the floor. Foster was hurled through an open doorway onto a concrete sidewalk. He sustained a fracture of the skull from which he died a few hours later. Haver, arrested later for the theft of an automobile, was held in the county jail until he had been brought to the George Junior Republic, where he made a complete confession that revealed a series of a dozen or more burglaries and his responsibility for the death of Foster.

NEW BOYS FOR OLYMPIC GAMES

Riverside, San Bernardino
Counties Represented
Tentative Organizations Are
Now Functioning
Plans to be Made Next Week
at Scheduled Meeting

RIVERSIDE, Feb. 16.—The youthful athletes of Riverside and San Bernardino counties are to be represented in force in the Junior Olympic Games according to leaders in boys' athletics in these two regions. Tentative organizations already are functioning in laying plans for the competition and permanent organization will be effected at meetings in Riverside and San Bernardino scheduled for next week. H. E. Wilson, director of physical education in the Riverside city school district and George E. Lund, supervisor of physical education for the schools of Riverside county are taking active interest in planning for the competition. Mr. Wilson is organizing a sponsoring committee composed of representative Riverside citizens and officials of the various groups directly interested in the competition. In San Bernardino Drury P. Wieman, secretary of the San Bernardino Y.M.C.A. is busy engaged in laying plans for the games. Wieman is one of the most famous of Occidental College athletes having starred on Tiger eleven of 1909 to 1913 which defeated intersectional rivals as well as a similar basis as far as population is concerned. He is a brother of Tad Wieman, who succeeded "Hurry-Up" Yost as head coach at Michigan University this year.

Both Riverside and San Bernardino committees in size and spirit will have to be divided into districts in order to facilitate the running of the county championships. The larger cities will be formed into separate districts and the more sparsely settled regions will be grouped together so that the districts will be, at least to some degree, on a similar basis as far as population is concerned. This problem of districting along with other details will come before the organization meetings next week.

Miss Boyden to Deliver Address in Santa Barbara

Santa Barbara, Feb. 16.—Miss Maude Boyden, famous English lecturer and evangelist, who recently gained a prominent place in newspaper when certain eastern church organizations refused to permit her to speak because she smoked and appeared to be a woman, was invited to lecture in Santa Barbara on March 17 by Dr. Oliver Hart Brown, president of the Santa Barbara Ministerial Union, and alternate pastor of the First Presbyterian Church. A series of talks here by Dr. Alexander Irvine, well-known Socialist lecturer and author of "The Church of the Future," expressed extreme pleasure at the invitation to speak here. Miss Boyden is a graduate of Oxford College, and is affiliated with the Church of England.

ALLISON OUT FOR MONROVIA COUNCIL

Monrovia, Feb. 16.—First to announce his candidacy for a seat on the City Council, Dr. J. B. Allison, prominent Monrovia physician and civic worker, filed his petition this afternoon with Lewis P. Black, City Clerk. Dr. Allison has taken active part in civic affairs since coming to Monrovia about twenty years ago. He is a member of the high school board when the present high school was elected sixteen years ago and is also chairman of the Library Park Board. Although his petition has not been filed yet, Dr. Allison reports that his petition is in circulation and will be filed within the next few days.

SWALLOWING OF INFANT FATAL TO PARENT

NORTH HOLLYWOOD, Feb. 16.—Death followed an operation on Betty Jane Prince, 18 months of age, daughter of Mr. and Mrs. H. K. Prince and Mrs. M. K. Prince, when she was swallowed by her mother. The mother, who is a member of the high school board when the present high school was elected sixteen years ago and is also chairman of the Library Park Board. Although his petition has not been filed yet, Dr. Allison reports that his petition is in circulation and will be filed within the next few days.

SEWER PLANS ORDERED City Engineer Shaw yesterday was instructed by the City Council to prepare plans for the construction of sanitary sewers in the district bounded by Oakwood avenue, Beverly Boulevard, Potomac Place and Gardner street.

STANBERRY FOLK TO PICNIC Former residents of Stanberry, Mo., will hold an all-day picnic at Bysan- more Grove next Sunday. Picnickers are requested to bring their own box lunches. Coffee will be furnished by the organization. There will be no speeches.

NEW BRIDLE PATH COMPLETED Formal Opening to Public Saturday

Mexicali-Gulf Railway Given New Concession

MEXICALI, Feb. 16.—A new concession under which it is proposed to push construction work on the Mexicali and Gulf Railway to early completion has been granted by the Mexican Federal government, according to the statement of W. L. Bassett, chief engineer of the project, who returned from Mexico City today. Bassett stated that, through the interest of President Calles and the co-operation of Gov. Rodriguez of Lower California, the Americans who are financing the eighty-mile railway, which is to connect Imperial Valley with tidewater near the mouth of the Colorado River, have been granted a franchise that will insure early completion of the project. The railway was started four years ago by the Mexican National Railways, but was later taken over by Los Angeles and twenty-two miles of road have already been completed. Construction work across the low-lying delta lands has presented serious engineering problems, Bassett said, and it was for the purpose of obtaining a new concession that will enable him to work out a feasible program that he went to Mexico City two months ago. The chief engineer expects to leave tomorrow for Los Angeles to confer with his associates, and a definite announcement regarding the resumption of work will be made following that conference.

Governor Young Visits Redlands

REDLANDS, Feb. 16.—This administration is not so much interested in saving the taxpayers' money as in getting a full dollar's worth of service for every dollar of the taxpayers' money expended, Gov. C. Young told over 300 men gathered together in a big interview club meeting at noon here today. "This State is progressive, it wants good roads and good bridges and the people in its institutions well taken care of, and the people are willing to pay for this. They are willing to get a dollar's worth of value for every dollar spent and that is what the administration is working to give," the Governor said. During the morning he visited the University of Redlands and Redlands High School and spoke briefly to the students, urging them to make the most of their opportunities so they may become good citizens of the State. The meeting here was under the auspices of the Rotary Club.

ONTARIO PARK TREES BEING CONTRIBUTED

ONTARIO, Feb. 16.—Contributions to Ontario's City Park tree-planting campaign are being received daily by the City Planning Commission. Ontario, Kiwanis Club took the lead in donating trees for the new eighteen-acre city park at South Euclid avenue and Desautel street and today the City Commission is preparing to receive another contribution of trees from the 20-30 Club which has subscribed a fund for purchase of trees for the park. A desire to plant more trees is sweeping the entire city. H. J. Caldwell of Ontario, chairman of the Ontario County American Legion inter-club committee, announced today that R. M. Tuttle, County Forester, has been appointed to see to the legion reforestation committee and that all Legion p'sta of the county will unite in an all-day picnic and tree-planting party some time early this spring.

DOWNTOWN TELEGRAPH OFFICE IS APPROVED

VAN NUYS, Feb. 16.—Postmaster E. D. Gibson today announced he has been notified by Western Union Telegraph officials that an approval has been given to the opening of a telegraph office in the heart of the local business district. Van Nuys was the last two years or more has had a local telegraph office in the Southern Pacific depot on the southern edge of the townsite. Since its establishment continued efforts have been made to bring the office into the downtown district.

BOND ISSUE TO BE SUBMITTED

Proposal to be Made to Long
Beach City Council
Would Care for Outer
Harbor Developments
Stated \$2,750,000 Needed in
Completing Work

LONG BEACH, Feb. 16.—A second harbor bond issue, this time for \$2,750,000, will be proposed to the City Council by the Long Beach Harbor Commission next Tuesday. It was announced today, following a meeting last night of the commission. With inner harbor improvements practically completed and a good start obtained on outer harbor work, it was stated that the city's outstanding need from a harbor standpoint is a series of warehouses, moles and docks in the outer harbor. It was estimated that \$2,500,000 will complete the work already started.

Plans for additional outer harbor development contemplate running a sheet-piling bulkhead due west from the Long Beach breakwater, parallel to the shore line, to the east mole, recently completed. It would start from the breakwater at a point 800 feet out from the shore line and connect with the mole at a point 600 feet out and would be 2700 feet long. A sixty-two-acre fill will be provided behind this protection. The fill, when completed should have a land value of approximately \$2,000,000, according to estimates furnished the harbor board by Maj. McGilvray, harbor engineer. A pier running seaward a distance of 500 feet would be provided on the south side of the fill. A uniform depth of thirty-five feet would be provided in the harbor waters on the east, south and west sides of the pier to permit handling deep-water tonnage. A slip 400 feet wide is planned for on the east side of the fill and immediate berthing east of that point, along the westerly side of the existing breakwater, it is proposed to build another mole, extending 1700 feet southward. The mole plans call for a width sufficient to provide railroad tracks, a highway and a two-story warehouse and cargo shed. Estimated cost of dredging for the project is \$300,000. Plans for additional development of the inner harbor with a wharf on Slip No. 8, to provide about 50,000 square feet of space are also contained in the new harbor plans. The cost of this project is estimated by Maj. McGilvray at \$500,000. With almost \$5,000,000 of harbor improvements already completed, it is estimated today by city officials that adoption of the outer harbor development plan and authorization by the voters of the new bond issue would give Long Beach a harbor that will attract world commerce here and make it one of the outstanding world ports.

Santa Barbara Out of Better Homes Contest

Santa Barbara, Feb. 16.—Santa Barbara, which has won the national better homes contest of America for the last three years, will not compete this year in the city event, but the county of Santa Barbara will be represented. Miss Pearl Chase, chairman of the county homes committee, announced today. "Santa Barbara has been such an outstanding winner of the contest, 3500 cities of the United States, that we do not believe it will be fair to compete again in the city event," she notified the authorities of our decision. "This year-wide campaign, in which the entire county for the first time since the war will be conducted, and the prize will be made it worthy of the national prize in the county and rural division."

CONVICTED KILLER OF MAN AND WIFE ILL

HANFORD, Feb. 16.—Perry A. Coon, convicted of the crimes murder of Mr. and Mrs. George Macdonald, is ill with the flu, which malady compelled the retirement of Associate Counsel William R. McFarland, during the trial of the case. On the order of County Physician Dr. C. T. Rosson the prisoner, who was tried here for murder, at a hearing set for the 23rd inst., Attorney J. C. C. Russell will take steps to perfect his appeal in behalf of the defendant.

MILK CHECKS DUE

HANFORD, Feb. 16.—Five Kings county creameries and local distributors will pay dairymen \$389,977.48 in current settlements for January deliveries of butter fat in milk and cream. The average prices are 38 cents for butter fat in milk and 51 cents for butter fat in cream.

JUNIOR OLYMPIC GAMES

Events. Modern pentathlon, consisting of 75-yard dash, standing broad jump, bare on the ball throw for accuracy, baseball throw for distance. Eligibility. Any boy who will not be over 16 years of age on September 1, 1928, may represent any organization having an athletic director. No individual entries received. Following Southern California counties: Imperial, San Bernardino, Riverside, Orange, Los Angeles, Santa Barbara, Ventura, San Luis Obispo and Kern. Prizes. Medals for winners of all playground, school, city, and county championships. Gold medals and free trips to national championships at Atlantic City for Southern California champions. National winners get a four-week tour of Europe, including one week at Olympic Games at Amsterdam. Southern California finals will be held about June 2 and national finals at Atlantic City early in July. This may be had from your athletic director or from a distributor by addressing Junior Olympic Games, Times Building, Los Angeles, California.

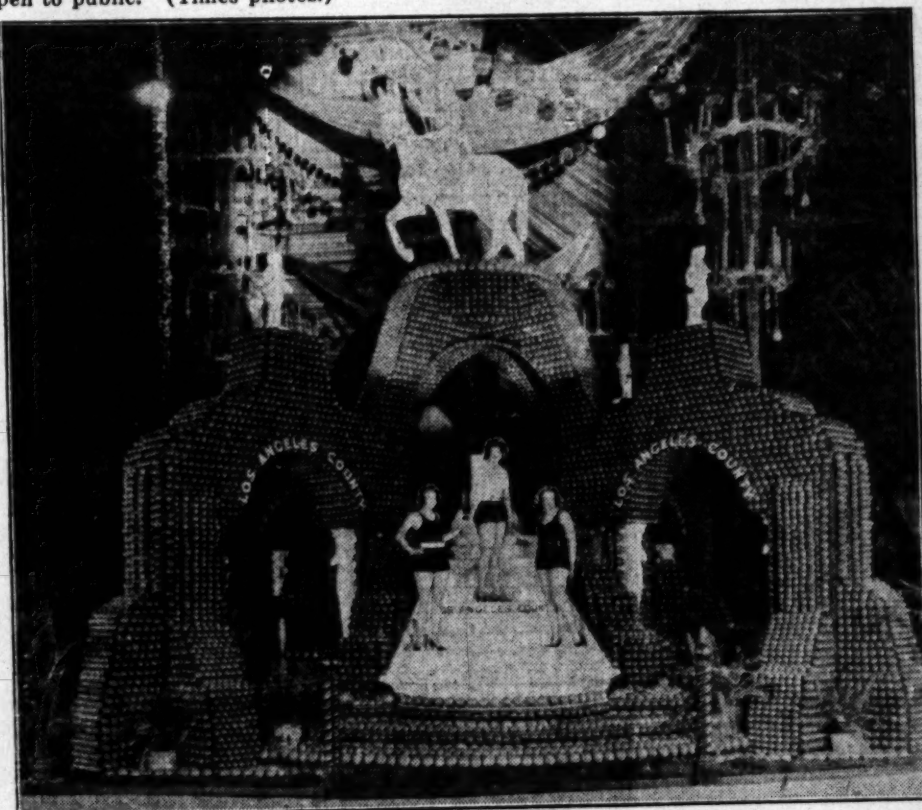

FRIDAY MORNING. Los Angeles Times

Eighteenth Annual National Orange Show Opens at San Bernardino

THE presence of Gov. Young and a score of prominent public officials added to the impressiveness of the official opening of the eighteenth annual National Orange Show at San Bernardino last night—the greatest kind ever attempted anywhere. It was estimated that 15,000 persons had passed through the gate when the Governor and other dignitaries were introduced in the auditorium by F. E. Peachey, president of the show. The fall of a switch which brought illumination from 10,000 electric lights scattered and clustered about the grounds. The show will continue for ten days and it is expected that all attendance records will be broken. Photos on this page were taken yesterday at San Bernardino as the doors were thrown open to public. 954

The Rescue of Greeley.

by J. CARROLL MANSFIELD

IN 1891, LIEUT. A. W. GREELY, OF THE UNITED STATES ARMY, LED AN EXPEDITION IN A DARING DASH FOR THE POLE, AND CARRIED THE AMERICAN FLAG TO THE FURTHEST POINT NORTH REACHED AT THAT TIME. GREELY'S SHIP BECAME IMPRISONED IN THE ICE PACK AT LADY FRANKLIN BAY AND WAS HELD THERE FOR TWO YEARS.

RELIEF EXPEDITIONS SENT IN SEARCH OF GREELY FOUND THEIR WAY BARRED BY VAST ICE FIELDS, AND ONE OF THE RESCUE SHIPS WAS SUNK. IN RESPONSE TO THE PUBLIC DEMAND, THE NAVY IN 1893 SENT LIEUT.-COMMANDER (LATER ADMIRAL) W. S. SCHLEY INTO THE ARCTIC WITH THREE SHIPS TO HUNT FOR THE MISSING MEN.

WHILE THE SEARCH WENT ON, THE GREELY PARTY SUFFERED UNTOLD PRIVATIONS. AT LAST, GREELY AND THE TWENTY-FIVE SURVIVORS ABANDONED THEIR SHIP AND BRAVELY STARTED SOUTHWARD IN OPEN BOATS. REACHING SABINE BAY, THEY FOUND MOST OF THEIR CACHE OF FOOD HAD SPOILED.

IN JUNE, 1884, THE RESCUERS FOUND CHIEF AND SIX MEN STARVING AND TOO WEAK TO MOVE. ALL THE REST HAD DIED, AND THE SURVIVORS HAD BEEN REDUCED TO EATING THEIR SHOES, GLOVES AND NOSE.

ODD MOVES BY WOMAN CAUSE HUNT

**Elderly Visitor Made
Incoherent Remarks in
Federal Building**

Deputies from the United States Marshal's office last night were attempting to locate an elderly and mysteriously acting woman who appeared at the Federal Building yes-

She appeared in several of the offices of departmental heads attempting to obtain interviews. Officers say she was carefully guarding a black

mentally deranged, the officers believe, and may try to harm some of the officials.

She left after failing to obtain interviews.

A THREE DAYS' COUGH IS YOUR

DANGER SIGNAL

Persistent coughs and colds lead to

serious trouble. You can stop them now with Creomulsion, an emulsified creosote that is pleasant to take. Creomulsion is a new medical discovery with two-fold action; it soothes and heals the inflamed membranes and inhibits germ growth.

Of all known drugs, creosote is recognized by high medical authorities as one of the greatest healing agencies for persistent coughs and colds and other forms of throat troubles. Cromulion contains, in addition to creosote, other healing elements which soothe and heal the in-

ected membranes and stop the irritation and inflammation, while the creosote goes on to the stomach, is absorbed into the blood, attacks the seat of the trouble and checks the growth of the germs.

Creomulsion is guaranteed satisfactory

in the treatment of persistent coughs and colds, bronchial asthma, bronchitis and other forms of respiratory diseases, and is excellent for building up the system after colds or flu. Money refunded if any cough or cold is not relieved after 3 days.

Mrs. Harriett R. Hopp

"It is quite a long time now since I first used Dr. Pierce's Golden Medical Discovery," said Mrs. Harriett R. Hopp.

riett R. Hopp of 1736 Butler Ave.,
Sawtelle, Calif., and so far as I
have been able to learn there has
never been a tonic introduced or
discovered to be as good as it.
When I would be rundown and im-

need of a general tonic the 'Golden Medical Discovery' always did more for me than I could reasonably expect, had I not been acquainted with its merits. It is a pleasure to me to fully subscribe

to all Dr. Pierce's claims for any and all of his remedies."
All dealers. Tablets or liquid.
Send 10c to Dr. Pierce's Invalids' Hotel in Buffalo, N. Y., for trial pkg. of tablets. Write for free advice.

Diaper Irritation

Many a child's disposition has been per-

manently spoiled because of diaper irritation in infancy, causing rashes and even more serious skin disorders. Thousands of mothers have found a final solution of this problem in Resinol.

The soothing, healing properties of this famous ointment have for years been successful in relieving even the most stubborn cases of diaper irritation—stopping the itching and smarting almost instantly. Resinol is absolutely harmless—
